Subject:

This shows how united the citizens of Seneca county to keep this project from moving forward. Setbacks should not be changed.

[Seneca Anti-Wind Union](#) shared an [event](#).

11 hrs ·

We are all set up and ready to go for the meeting tomorrow night!! The speakers that we have are fantastic and will NOT disappoint!!! They are some of the most knowledgeable people with regards to wind turbine projects.

We will also have yard signs available, information, maps, knowledgeable people available to answer your questions, etc...

WTOL11, 13ABC, NBC24, The Advertiser Tribune, The Attica Hub, and other media outlets will all be covering the meeting.

With the amount of people that we are anticipating it may be advisable to arrive early to ensure you have plenty of time to get your signs and information prior to the start of the meeting.

Lastly, please keep in mind to be respectful of EVERYONE in attendance! This is a very emotional topic for all of us but we must keep our emotions in check. If anyone fails to be respectful we will have them removed from the meeting. We want this event to be very professional and informational and for this to happen we all need to be mindful of all of our actions.

Thanks to everyone for making this happen and we look forward to seeing you all there tomorrow night!!
