Subject: Wind Turbine Document

To:

The Ohio Power Siting Board
District 26 Senator Dave Burke
Representative Bill Reineke
Representative William Seitz
SC Commissioner Mike Kerschner
SC Commissioner Holly Stacy
SC Commissioner Shayne Thomas

Attached find our oppositional position on concerning proposed wind turbine projects in Seneca County.

WIND TURBINE DOCUMENT

We are writing this letter as lifelong residents of Seneca County who also own property in Reed and Scipio townships and have been repeatedly approached by Apex and S-Power representatives. After researching the pros and cons regarding the industrial 591 feet turbines intended to be erected by these planned projects we have decided the set-back guidelines, safety issues, health issues, probable decline in property valuation, and division occurring between community members and neighbors far outweigh the benefits for the wind turbine presence in Seneca County and the state of Ohio.

Therefore, we are in strong opposition to the industrial wind turbine project designed for Seneca County.

In addition, we oppose Senator Matt Dolan's bill to ease property line setbacks. And, we support Senator Robert McColley's amendment to House Bill 114 proposing rural resident voters the opportunity to vote on issue. Finally, consider tightening not easing setback measures to assure public health, safety, and individual rights: life, liberty and the pursuit of happiness.

Sincerely,
Judy Watson
