

Dear Stephen Caraway,

As a resident of Blue Ash and concerned citizen, I am writing you to register my opposition to Central Corridor Pipeline Extension Project (Reference No. 16-253- GA-BTX).

I live in Fox Hollow, which is a little neighborhood that is next to Glendale-Milford road. The more I am reading about this pipeline, the more it sounds like a bad idea. Unneeded and irresponsible for so many reasons. The end result is that my family and I are not just concerned. We're scared. What do you know about the pipeline being proposed and what do you think about the "need" vs. the many risks?

What specifically will you be doing to keep the community safe and harmonious?

Please let me and my family know how you can help.

Thank you,

John Kennedy

This pipeline will travel through densely populated areas, including my neighborhood and will pose a danger to residences, schools, businesses and houses of worship.

Unlike delivery pipelines, this pipeline will be under up to 500psi pressure and an accident or rupture could cause injuries, death and destruction of property within a radius of 1000 feet.

I ask you to oppose this pipeline and encourage both Duke Energy and the Ohio Power Siting Board to reject this pipeline

Thank you for your consideration.

Regards,

John Kennedy
