

Public comments 17-2295 and 18-0488

I am a resident of Seneca County, a tax-paying voter of Ohio, and I OPPOSE the Republic Wind, LLC (Case Number: 17-2295-EL-BGN) and Seneca Wind, LLC (Case Number: 18-0488-EL-BGN) projects. I have educated myself on the issue and decided the costs outweigh the benefits. I refuse to allow myself, family member, friend, or neighbor to be victimized by the industrial wind corporation or their allies. Seneca County is a part of scenic rural Ohio and not an industrial zone. I will fight to preserve the beauty and welfare of my community. I refuse to be subjected to the growing health and safety issues associated with industrial wind turbines. I adamantly object to any encroaching on my property through trespass zoning. I have chosen to take a stand and join the growing majority in Seneca County AGAINST industrial wind projects. I will support my neighbors. I will defend Seneca County.

[sandhiz@aol.com](mailto:sandhiz@aol.com)

I am opposed to the proposed wind turbine projects In Seneca county due to the negative impact on air ambulance service and because of the egregious impacts to non lease holders property rights. Such a large number of turbines especially the size in this project which are unprecedented in this area will forever drastically change the landscape.
