**REVIEW AND RECOMMENDATION
SUBMITTED ON BEHALF OF THE STAFF OF
THE PUBLIC UTILITIES COMMISSION OF OHIO**

Mitel Cloud Services, Inc. (Applicant) filed this application for approval of a transfer of control. The Applicant is a non-BLES competitive local exchange carrier (CLEC) authorized to provide interexchange and competitive telecommunications services pursuant to certificate 90-9335.

The Applicant requests Commission approval of an intra-company transfer of ownership due to the insertion of a wholly owned subsidiary, Mitel Networks, Inc., in the vertical ownership chain between Mitel DE, the Applicant's direct parent company, and the Applicant. Upon completion of this transaction the Applicant will be a wholly owned subsidiary of Mitel Networks, Inc. and will remain indirectly owned by Mitel DE.

The Applicant is a telephone company not providing BLES and filed all the required forms and attachments. Since this change in operation is completely transparent, no customer notice is required. As such the Applicants did not provide a copy of a customer notice. Therefore, Staff finds that the application, as filed, meets all the requirements set forth in Rule 29 of the Telephone Company Procedures and Standards.

In conclusion, Staff finds the Applicants' application, as filed, does not appear to be unjust or unreasonable; therefore, Staff recommends that this application be permitted to remain in effect.
