Subject: Seneca Wind

OPSB,

I am a resident of Eden Township, Seneca County, Ohio And would like to voice my opposition to the Seneca Wind Project (Pre-Application Case 18-0488-EL-BGN). I own property in Eden township that is protected by a Zoning Plan. I understand that the wind industry has been granted an exemption from all local zoning by the state of Ohio. I, and hundreds of rural residents in this community, object to building a large scale 200MW power generating facility spread over approximately 25,000 acres of our county. These power generating facilities should be located in non-residential areas of our country instead of areas of Seneca County occupied by rural residents seeking a peaceful, rural area to live and raise their families.

Respectfully submitted,

Stephen Corthell
