CASE\_NUMBER:

COMMENTS: As a resident of ohio i am sickened by the blatant disregard you have shown for the safety and well-being of the people of ohio by allowing the construction of hundreds and perhaps thousands of wind turbines in ohio. The facts and history show that they are not a good alternative to our power generating needs. Please do your job of due diligence and stop this madness.

I am a resident of Seneca County, a tax-paying voter of Ohio, and I OPPOSE the Republic Wind, LLC (Case Number: 17-2295-EL-BGN) and Seneca Wind, LLC (Case Number: 18-0488-EL-BGN) projects. I have educated myself on the issue and decided the costs outweigh the benefits. I refuse to allow myself, family member, friend, or neighbor to be victimized by the industrial wind corporation or their allies. Seneca County is a part of scenic rural Ohio and not an industrial zone. I will fight to preserve the beauty and welfare of my community. I refuse to be subjected to the growing health and safety issues associated with industrial wind turbines. I adamantly object to any encroaching on my property through trespass zoning. I have chosen to take a stand and join the growing majority in Seneca County AGAINST industrial wind projects. I will support my neighbors. I will defend Seneca County.

Julie Cholodewitsch

I have chosen to take a stand and join the growing majority in Seneca County AGAINST industrial wind projects. I will support my neighbors. I will defend Seneca County!! We moved here 6 years ago and looked a long time for the perfect home. We live on 10 acres and love the serenity and peace we have found. If these wind turbines are built here, it will destroy our land and visibility by 3 sides, and we get nothing out of this! I refuse to give up my home or tranquility!

Christine Vogt
