

Public comment 17-2295

I am a resident of Seneca County (Scipio Township) and I OPPOSE the Republic Wind, LLC (Case Number: 17-2295-EL-BGN) projects. After educating myself on the pros and cons of the project, I have concluded that the cost of the project far outweighs any benefit. Seneca County is a wonderful and scenic portion of rural Ohio, not an industrial zone where the proposed turbines belong. I will do all that I can to fight to preserve the beauty and overall welfare of my community. I adamantly object to any encroaching on my property through trespass zoning. I refuse to allow myself, my family, and my neighbors to be victimized by the industrial wind corporation or their allies. I have chosen to take a stand and join the growing majority in Seneca County AGAINST industrial wind projects. I will support my neighbors. I will defend Seneca County.
