

I am a resident of Seneca County, a tax-paying voter of Ohio, and I OPPOSE the Republic Wind, LLC (Case Number: 17-2295-EL-BGN) and Seneca Wind, LLC (Case Number: 18-0488-EL-BGN) projects. I have educated myself on the issue and decided the costs outweigh the benefits. I refuse to allow myself, family member, friend, or neighbor to be victimized by the industrial wind corporation or their allies. Seneca County is a part of scenic rural Ohio and not an industrial zone. I will fight to preserve the beauty and welfare of my community. I refuse to be subjected to the growing health and safety issues associated with industrial wind turbines. I adamantly object to any encroaching on my property through trespass zoning. I have chosen to take a stand and join the growing majority in Seneca County AGAINST industrial wind projects. I will support my neighbors. I will defend Seneca County.

Also, I want to add I have lived in Seneca County all my life my husband has lived here for 29 years which he was born and raised in Wyandot county. I love living in the country and riding my bike throughout Seneca, Eden, and Bloom townships. Love the peace and quiet and looking at the wonderful landscape God has giving us. I really hate to have that ruined with metal skyscrapers outlining the horizon.
