COMMENTS: I live in Eden Township, a rural agricultural community where neighbors know, respect, and care about each other. And now where 649 ft industrial wind turbines are proposed. It makes me heart sick.

In years to come people will say, "What were they thinking to destroy the land in such a way and to ." What is the OPSB thinking, to allow this destruction to occur?

according to the map that we have seen there are at least 3 towers on our location. Our contract expires in August and we do not intend to renew it. Does that matter to you?
