### **EXHIBIT C-3**

In an effort to better serve their customers, all Adenus-owned wastewater utilities are switching from postcard bills to letter bills. This new format will address privacy concerns regarding billing information on postcard bills that is visible to individuals other than the customer. The letter bills will be sent in envelopes along with a return envelope for remitting payment. The letter bills will include all the same information as the postcard bills previously approved by the Commission in Case No. 17-616-ST-ACE.

Original Sheet No. 1 of the Subject Index contained in Section ii of the tariff will be revised to incorporate the effective date of the new bill format. Original Sheet No. 2 of the Subject Index will be revised to accommodate a change in pagination resulting from the insertion of the effective date on the Sheet No. 1.
