**COMMENTS OF GLOBAL CONNECTION INC. OF AMERICA
IN RESPONSE TO JUNE 28, 2018 NOTICE FOR COMMENT**

COMES NOW Global Connection Inc. of America d/b/a Stand Up Wireless (“Global Connection” or the “Company”) and files these Comments in response to the Public Utilities Commission of Ohio’s (the “Commission”) June 28, 2018 Notice for Comment, directing that Global Connection submit comments on or before August 31, 2018, indicating whether it is willing and able to ensure that all customers served by The Ohio Bell Telephone Company dba AT&T Ohio (“AT&T Ohio”) in its respective service areas will continue to be served with the federal Lifeline discount, if the customer is eligible, in the event that the Commission grants AT&T Ohio’s request to relinquish its eligible telecommunications carrier (“ETC”) designation for purposes of universal service fund support in the majority of its service area in Ohio. The Commission further seeks Global Connection to identify whether such Lifeline service will be provided on a wireline or wireless and facilities or resale basis.

Global Connection was originally granted ETC status on a wireless basis by the Commission on May 15, 2013 throughout the service areas approved in Case No. 12-2253-TP-UNC.

It is Global Connection’s intent to continue to make available its wireless Lifeline service with the federal discount to its current subscribers and all qualifying applicants that it is able to serve. As has been disclosed in its original application, Global Connection offers Lifeline service

primarily through the resale of facilities-based wireless carriers' services and facilities. This Commission is aware that the Federal Communications Commission ("FCC") is considering whether to disallow the participation of wireless resellers in the Lifeline program altogether.¹ Global Connection appreciates that this Commission filed comments with the FCC on February 21, 2018 opposing the elimination of support for non-facilities-based Lifeline providers.² Global Connection, through its participation in the National Lifeline Association, has also actively opposed this and other proposals in the NPRM that would greatly harm Global Connection's ability to continue to provide Lifeline service.³

With that in mind, Global Connection intends to continue to offer Lifeline service to qualifying subscribers throughout its service territory in Ohio unless prohibited directly from doing so by the FCC or unless the FCC imposes regulations that would result in less-direct but equally harmful requirements such as its consideration of a requirement that wireless resellers pass 100% of federal support through to its underlying facilities-based provider. Once the FCC issues its decision on this matter, should anything necessitate a prospective change in Global Connection's approach to the Ohio Lifeline marketplace, Global Connection will inform the Commission.

Dec. 1, 2017) ("*NPRM*"), §§ 67–73.

² See Comments Submitted on Behalf of the Public Utilities Commission of Ohio, WC Docket No. 17-287 et al. (filed Feb. 21, 2018).

³ See Comments of the National Lifeline Association, WC Docket No. 17-287 et al. (filed Feb. 21, 2018); Reply Comments of the National Lifeline Association, WC Docket No. 17-287 et al. (filed Mar. 23, 2018); *Ex Parte* Letter from John J. Heitmann, Counsel to the National Lifeline Association, to Marlene Dortch, Secretary, Federal Communications Commission, WC Docket No. 17-287 et al. (filed May 4, 2018).

Based on the foregoing, Global Connection stands ready to offer its wireless Lifeline service options to eligible Lifeline subscribers in Ohio provided that the FCC does not take action to ban or limit the participation of wireless resellers in the Lifeline program.

Please feel free to contact me if you wish to discuss this matter further or have any questions.

Respectfully submitted,

GLOBAL CONNECTION INC. OF AMERICA
