

Staff Recommendation for
Mablock Consulting LLC dba Lock Group
Case No. 14-1753-EL-AGG

On September 17, 2018, Mablock Consulting, LLC dba Lock Group (Applicant) filed its renewal application in case number 14-1753-EL-AGG. The current certificate for the Applicant expires December 1, 2018. In accordance with Ohio Administrative Code 4901:1-24-09(A), "No less than thirty and no more than sixty calendar days prior to the expiration date indicated on the competitive retail electric service provider's certificate, the provider shall file an application with the commission for certification renewal on forms supplied by the commission." The renewal application should be filed between October 1, 2018 and October 31, 2018, but was filed two weeks prior to this time period due to the Applicant's representative being out of the country.

For this reason, staff requests that OAC 4901:1-24-09(A) be waived for this specific renewal application at this time, and that staff be permitted to process the application.
