Re: *In re Application of Vectren Energy Delivery of Ohio for Approval to Change Accounting Methods*, Case No. 15-1741-GA-AAM

Dear Ms. McNeal,

On August 29, 2018, Commission Staff issued its Review and Recommendation in the above-captioned case regarding the 2018 Annual Report filed by Vectren Energy Delivery of Ohio (VEDO) for its Distribution Accelerated Risk Reduction (DARR) Program.

Staff raised no objection to VEDO's 2018 Annual Report. Staff noted that under VEDO's proposed treatment of the DARR in its pending rate case, *see* Case No. 18-0298-GA-AIR, the DARR deferral is intended to cease, and recommended that the Commission accept VEDO's annual report as filed.

VEDO does not object to the Staff Review and Recommendation. VEDO agrees that the DARR deferral should cease as of the date of approved rates and charges in Case No. 18-0298-GA-AIR. Given Staff's lack of objection to the 2018 Annual Report, and the lack of any objection to the Staff Review and Recommendation, VEDO does not believe that any additional proceedings are necessary.

Please let me know if there are any questions.

Regards,

/s/ Andrew J. Campbell
