Ohio Power Siting Board,

As a life-long resident of Seneca Co., I'm writing urging you not to approve wind mill projects for our county. For 72 years I have enjoyed many hours traveling around Seneca Co. enjoying the fields of crops that dot our Co. Please don't allow this love for farmland to be taken from us. Many of my ancestors settled this area in the 1800's. Thank you.

Sincerely,

Diane Trevino
