Re: OPSB Case No. 18-1579-EL-BGN
Corrected Pre-Application Notification Letter
Angelina Solar I, LLC

Dear Ms. McNeal:

Pursuant to Ohio Adm.Code 4906-3-03(A), Angelina Solar I, LLC, a subsidiary of Open Road Renewables, LLC, files this Corrected Pre-Application Notification Letter regarding its proposed 100 MW solar electric generating facility in Israel and Dixon Townships, Preble County, Ohio with the Ohio Power Siting Board. The initial letter filed with the Board identified an incorrect date for the public informational meeting for this project. The correct date, as identified below, is November 15, 2018.

The proposed 100 MW solar electric generating facility will be located within approximately 800 acres of privately owned land approximately 4 miles north of College Corner, Ohio. The purpose of the project will be to generate electricity and interconnect with the regional transmission grid to supply the region with power. Construction of the facility is expected to commence during the fourth quarter of 2019 with substantial completion by the fourth quarter of 2020. The project is scheduled to be in service by the first quarter of 2021.

The public informational meeting will be held from 6:00 p.m. to 8:00 p.m. on Thursday, November 15, 2018 at the Toney Building on the Preble County Fairgrounds at 722 South Franklin Street, Eaton, Ohio 45320.

At this time, the Applicant anticipates requesting a waiver from Ohio Adm.Code 4906-4-08(A)(1)(c) to allow it to provide manufacturer's safety information as part of the final construction plans for the facility. Applicant also anticipates requesting a waiver from Ohio Adm.Code 4906-4-08(A)(5)(c) to allow it to submit plans for geological test borings in advance of the commencement of field work.

Ms. Barcy McNeal, Secretary
