

Public comments 18-0488-EL-BGN

I am against this project ,they are too tall ,too close, too many. Not good for Seneca county.

Richard Gerber  
Tiffin, Ohio

Our contract expired Aug 20th we do not want to renew. They say they have entered the construction phase and the contract is automaticly renew for 36 MO. These things are huge and the amount of cement they are putting underground is scarely and will always be there. Our field tile will no longer be effective because of all the lines and etc they will put underground. Repairing the tile will be next to impossible. If they are after the tax incentives why would you not give those to the nuclear power that is already there continue that instead of creating a new disaster

Dale and Shirley Wagner  
Sycamore, Ohio
