**MEMORANDUM IN SUPPORT OF MOTION TO INTERVENE**

---

Ohio Partners for Affordable Energy (“OPAE”) should be permitted to intervene in these matters pursuant to Section 4903.22.1, Revised Code, and the Commission’s Rules and Regulations contained in Rule 4901-1-11 of the Ohio Administrative Code. The above-referenced filing and applications made by Ohio Edison Company, The Cleveland Electric Illuminating Company, and The Toledo Edison Company (together “FirstEnergy”) concern FirstEnergy’s Distribution Platform Modernization Plan, FirstEnergy’s Implementation of the Tax Cuts and Jobs Act of 2017, and approval of a tariff change.

In determining whether to permit intervention, the following criteria are to be considered: the nature of the person’s interest; the extent to which that interest is represented by existing parties; the person’s potential contribution to a

just and expeditious resolution of the proceedings; and whether granting the intervention will unduly delay or unjustly prejudice any existing party. OPAE meets all four criteria for intervention in these matters.

OPAE is an Ohio non-profit corporation with a stated purpose of advocating for affordable energy policies for low and moderate income Ohioans; as such, OPAE has a real and substantial interest in these matters, which concern FirstEnergy's distribution platform modernization plan and FirstEnergy's implementation of the Tax Cuts and Jobs Act of 2017. Additionally, OPAE includes as members non-profit organizations located in the service areas that will be affected by these matters.<sup>1</sup> Moreover, many of OPAE's members are community action agencies. Under the federal legislation authorizing the creation and funding of these agencies, originally known as the Economic Opportunity Act of 1964, community action agencies are charged with advocating for low-income residents of their communities.

OPAE also provides essential services in the form of bill payment assistance programs and weatherization and energy efficiency services to low income customers of the FirstEnergy operating companies. OPAE members are also non-residential ratepayers of the FirstEnergy operating companies.

OPAE's primary interest in these matters is to protect the interests of low and moderate income customers of the FirstEnergy operating companies and OPAE members whose provision of electric service will be affected by these applications and filing. OPAE has been recognized by the Commission in the past as an advocate for consumers and particularly low-income consumers, all of whom will be affected by the outcome of this case.

---

<sup>1</sup> A list of OPAE members can be found on the website: [www.ohiopartners.org](http://www.ohiopartners.org).

For the above reasons, OPAE has a direct, real and substantial interest in these matters. The disposition of these matters may impair or impede the ability of OPAE to protect its interests. No other party to the matters will adequately represent the interests of OPAE. OPAE is a rare organization that serves as an advocate, service provider and non-profit customer group. No other party represents this group of interests. OPAE's participation in these matters will not cause undue delay, will not unjustly prejudice any existing party, and will contribute to the just and expeditious resolution of the issues raised by these matters.

Therefore, OPAE is entitled to intervene in these matters with the full powers and rights granted by statute and by the provisions of the Commission's Codes of Rules and Regulations to intervening parties.

Respectfully submitted,

/s/Colleen Mooney
