

Question 1: Will the SRECs created by this facility comply with the rules prohibiting double counting?

The definition of double counting is:

(M) "Double-counting" means utilizing renewable energy, renewable energy credits, or energy efficiency savings to do any of the following:

- (1) Satisfy multiple Ohio state renewable energy requirements or such requirements for more than one state.
- (2) Comply with both the energy efficiency and advanced energy statutory benchmarks.
- (3) Support multiple voluntary product offerings.
- (4) Substantiate multiple marketing claims.
- (5) Some combination of these.

Answer 1: The SRECs created by this facility will comply with the double counting rules.

Question 2: Are you aware of any organization that plans on making a renewable energy claim on the output of this facility?

Answer 2: No
