

Public comment 18-0488 and 17-2295

Dear, Ohio Power Siting Board,

I am a resident of specifically, Scipio Township in Seneca County, Ohio. As tax-paying voter of Ohio, I OPPOSE the Republic Wind, LLC (Case Number: 17-2295-EL-BGN) and Seneca Wind, LLC (Case Number: 18-0488-EL-BGN) projects.

Since I first was made aware of these two projects coming into our area, I quickly began to educate myself on the issues related to these industrial turbines that proposed for my county.

I found out that there are three huge turbines...over 640 feet, proposed to be with in one mile of my HOME! One being 0.46 miles from my property! My health, safety, and welfare are at risk! Our school sits right in the footprint of over 10 huge turbines!

I refuse to allow myself, family member, children, friend, or neighbor to be victimized by the industrial wind corporation or their allies. Seneca County is a part of scenic rural Ohio and not an industrial zone. I will fight to preserve the beauty and welfare of my community. I refuse to be subjected to the growing health and safety issues associated with industrial wind turbines. I adamantly object to any encroaching on my property through trespass zoning. I have chosen to take a stand and join the growing majority in Seneca County AGAINST industrial wind projects. I will support my neighbors. I will defend Seneca County.

Please stop these industrial wind farms from building in Seneca County!

thank you,

Carol Theis
57 year resident of Seneca County
