CASE NUMBER: 18-0488-EI-BGN PROJECT NAME: SENECA WIND (sPower) (85 turbines, 652 ft tall)

CASE NUMER: 18-1607-EL-BGN PROJECT NAME: EMERSON CREEK (Apex) (865 turbines, 655 ft tall)

CASE NJUMBER 17-2295-EL-BGN PROJECT NAME: REPUBLIC WIND (Apex) (50 turbines, 602 ft tall)

SUBJECT: **OPPOSITION TO INDUSTRIAL WIND TURBINES IN SENECA COUNTY**

Previous to finding out the facts about these overly large Industrial Wind turbines I thought that wind power was a good thing. Well it is not, at least not in populated areas, farm lands, around schools or in the area of bats & eagles. Seneca Co. is not caught for large Wind turbines and as they are harmful to the population & the environment

Please Keep the wind turbines out of our County. A survey in the county showed 75% of us do not want them. Doesn't that account for something. Do not force us to accept Something that has not proven itself to be a good thing - quite the contrary.

I am Totally and completely against these industrial machines in or around our area. This is a total waste of Federal Tax dollars as it will cost more to produce electricity in this area.

Please do not let this happen here.

SIGNATURE AND DATE Nancy Bailey 12-16-18

We are much too populated an area for this as well.
