Dear Examiners:

On December 21, 2016, the Signatory Parties filed a Joint Stipulation and Recommendation involving all of the above-captioned cases (Global Settlement). On February 23, 2017, the Commission issued an Order adopting the Global Settlement. Among other terms and conditions of the Global Settlement, the

revenue requirement to be collected from customers over the remaining collection period of the Phase-In Recovery Rider (PIRR) was reduced by \$97.4 million. Since the time the Global Settlement became effective, the Company has reduced the PIRR revenue requirement by \$95,273,496. Thus, a final over-collection of \$2,126,503 exists for the PIRR. The Company will maintain this regulatory liability pending further direction from the Commission as to where to apply it. All rates under the PIRR tariffs went to zero effective with the first billing cycle of February 2019 and the PIRR tariffs will now be removed from the Company's tariffs through the Commission's tariff desk.

Thank you for your attention to this matter.

Respectfully Submitted,
