**MEMORANDUM IN SUPPORT OF THE  
MOTION TO INTERVENE**

---

On January 29, 2019, Ohio Power Company (“Ohio Power”) filed an application in this proceeding to update its Economic Development Cost Recovery rider (“EDR”) rate and recover economic development amounts through the rider previously authorized by the Public Utilities Commission of Ohio (“Commission”). In its application, Ohio Power referenced its unique arrangement with TimkenSteel Corporation (“TimkenSteel”) approved by the Commission in Case No. 15-1857-EL-AEC,<sup>1</sup> and included information specific to TimkenSteel to support Ohio Power’s calculations for updating the EDR.

Section 4903.221, Revised Code, and Rule 4901-1-11, Ohio Administrative Code, set forth the standard for intervention in cases before the Commission. Rule 4901-1-11(B), Ohio Administrative Code, states:

- (B) In deciding whether to permit intervention under paragraph (A)(2) of this rule, the commission, the legal director, the deputy legal director, or an attorney examiner shall consider:
  - (1) The nature and extent of the prospective intervenor's interest.
  - (2) The legal position advanced by the prospective intervenor and its probable relation to the merits of the case.
  - (3) Whether the intervention by the prospective intervenor will unduly prolong or delay the proceedings.
  - (4) Whether the prospective intervenor will significantly contribute to full development and equitable resolution of the factual issues.

- (5) The extent to which the person's interest is represented by existing parties.

TimkenSteel is a mercantile customer and has an interest in this case – including to be able to protect information contained in the following schedules attached to the application:

- Schedule No. 2, containing the actual and estimated delta revenue amounts (by month) for TimkenSteel and monthly carrying charges; and,
- Schedule No. 5, containing the actual and estimated monthly electric bill information, monthly discounts, and monthly delta revenues of TimkenSteel.

This confidential information is extremely sensitive and would be harmful to TimkenSteel if it were disclosed to the public. TimkenSteel has a real and substantial interest in protecting such information. No one else can adequately protect that interest. To the extent that any other party seeks a hearing or raises issues in Case No. 19-232-EL-RDR that would adversely affect the unique arrangement approved in Case No. 15-1857-EL-AEC, TimkenSteel also seeks intervention in this case so as to be able to protect that interest.

Granting TimkenSteel's intervention will not unduly delay this proceeding. Moreover, TimkenSteel has intervened successfully in multiple matters involving the economic development calculations.<sup>2</sup> TimkenSteel's request to intervene in this proceeding is consistent.

WHEREFORE, TimkenSteel respectfully requests that the Commission grant its motion to intervene so that the Commission can consider its motion for protective order to protect the information contained in Schedule No. 2 and Schedule No. 5 attached to the application in this
