Hello,
Please take 3 minutes to watch this video: <https://nfl1.safelinks.protection.outlook.com/?url=https%3A%2F%2Fwww.youtube.com%2Fwatch%3Fv%3DJZ2GYt4rmVM&data=02%7C01%7Ccontactopb%40psco.ohio.gov%7C%45ad415449343841842086967ad532%7C509f6c4944840784eb36c457c7c8a2%7C0%7C636861851639839664&source=Github13ghcNpWOChzRU40h.Saf%2Bent3hOOKHfmpk%3D&reserved=0>

Do you really want this pipeline to go right through Cincinnati?

Duke's proposed placement is the cheapest way for Duke to get natural gas to its southern customers. It has nothing to do with delivering gas to anyone north of the Ohio River. To route the line around Cincinnati through sparsely populated areas would be much safer but would cost more; however, safety of Ohio citizens is not Duke's #1 concern.

Surely, protecting the very lives of Ohio citizens is more important to you than assisting Duke in supplying its southern markets as cheaply as possible.
