To opsb

I oppose the industrial wind farm projects proposed in seneca county and the surrounding area. (17-2295-EL-BGN)Republic wind,(18-0448-EL-BGN)Seneca wind, (18-1607-EL-BGN)Emerson creek. I am a life long resident of seneca county and have educated myself on these projects and others like it over the last few months. I believe these projects will have a long term negative affect on my home and my investment properties that will be surrounded by these massive turbines, as well as the negative affects on my neighbors and community. Our area is to populated for projects like these. I hope you hear the concerns of the majority of the residents of this area and do not let these project happen.

Sincerely
Stacy Green
