To Whom it May Concern:

Tiffin and Seneca County are ranked by SIEDC in the top 10% for economic development of 600 similarly sized communities nationally. I attribute this success to commissioners like you who share our commitment to economic development projects like Republic Wind (Docket No. 17-2295-EL-BGN - Republic Wind, LLC).

Now is not the time to stagnate this momentum. I want to see my community continue to grow with employment opportunities for my neighbors and my family.

Economic and environmental sustainability should be priorities for our county. I am proud of our economic success and of my commissioners who have helped us develop our land. Thank you for your commitment to sustainability and economic growth.

Sincerely,
