Dear Ms. McNeal:

On December 13, 2018, Seneca Wind, LLC ("Seneca Wind") filed a Letter of Notification application to construct an electric interconnection facility for Seneca Wind's 200 MW wind project (Case No. 18-0488-EL-BGN). This application was deemed automatically approved on February 11, 2019.

The approval of the application was subject to the following condition:

With the exception of tree clearing activities, construction of the facility may not commence until the Applicant has obtained a Certificate of Environmental Compatibility and Public Need for the Seneca Wind Project (ref: Case No. 18-0488-EL-BGN).

This letter is to inform the Staff of the Ohio Power Siting Board that Seneca Wind will commence tree clearing activities for this project on or around March 18, 2019 and conclude no later than March 31, 2019.

Please do not hesitate to let me know if you have any questions.

Sincerely,

Dylan F. Borchers
