Mr. Wilson:

Attached as requested are several documents pertaining to Forest Hills' Account No. – 649. The first document is a copy of a letter sent to Forest Hills' on August 1, 2017, providing the total bill amount for electric service from December 9, 2016, through July 6, 2017. Individual bills were not issued during this time-period because Account No. – 649 was not yet established at that address. Included with this letter, however, was an account statement for Account No. – 649, which provided detailed information regarding the electric usage over this time-period and a break-down of the monthly charges. I have also attached an updated statement of account for Account No. – 649 for your reference.

The remaining attachments are Forest Hills' bills on Account No. – 649 from August through October 2017.

Please do not hesitate to contact me should you have any further questions.

Thank you, Josh Eckert

Mr. Eckert, Thank you for this information. Could you please send me the monthly bills actually sent to my client for Account-649 for the December 2016-August 2017 time period. Thank you. Tom Wilson

From: Eckert, Joshua R [mailto:jeckert@firstenergycorp.com] Sent: Wednesday, October 25, 2017 9:04 AM To: Tom Wilson <<u>tom@wargoandwargo.com</u>> Cc: Dunn-Lucco, Carrie M <<u>cdunn@firstenergycorp.com</u>> Subject: Forest Hills Supermarket, Inc. Follow-up

### Mr. Wilson:

I am writing as a follow-up to our telephone conversation last week and to provide additional information regarding your client's accounts at 13598 Euclid Avenue. Company records indicate that Forest Hills currently has two accounts active at 13598 Euclid Avenue, Account No. 110124917649 ("Account No. – 649") (the subject of your letter) and Account No. 110023165209 ("Account No. – 209").

To begin, I would like to address the concerns expressed in your letter regarding Account No. 110124917649 ("Account – 649"). That account is served by meter number S314036132 (the "new electric meter" referenced in your letter). This meter was supposed to be associated with Account No. – 649 as of December 2016; however, due to an error, this meter was incorrectly associated with Zaremba's account until August 2017. To correct this error, an adjusted bill was issued on Account No. – 649 utilizing usage data from meter number S314036132. As we discussed on the phone call last week, this usage data was collected and billed separately on Zaremba's account, so there is no concern regarding combined usage. Accordingly, CEI's position is that the bill adjustment was proper and Forest Hills has been and is being properly billed for its electric usage at 13598 Euclid Avenue.

Forest Hills also currently has another open account, Account No. – 209, that is associated with 13598 Euclid Avenue. This account is served by two meters, meter number 834742596 and meter number A11692577; however, neither meter has registered any usage since at least January 5, 2017. It appears that these meters may be associated with a service that is no longer required at 13598 Euclid Avenue but have remained on the property as CEI has not received a request to close the account or terminate the service. The current outstanding balance on Account No. – 209 is a credit of \$1,610.07. If Forest Hills no longer requires this service, it can cancel the account by calling CEI's customer service line at 1-800-589-3101. If Forest Hills does so, I will work with our compliance team to have the cancellation back-dated to be effective as of January 2017 and to have any charges that have accrued since that time reversed. Account No. – 209 will then be closed and the remaining credit will be transferred and applied to Account No. – 649.

If Forest Hills does cancel Account No. – 209, please notify me in a timely manner so that I may make sure the cancellation of service is handled appropriately.

I trust that this will resolve your client's issues with its service at 13598 Euclid Avenue. Thank you for your time, and please do not hesitate to contact me should you have any questions.

Regards,

Josh Eckert An Attorney for The Cleveland Electric Illuminating Company

Dear FOREST HLS SPR MRKT INC:

Your account has been billed from 12/09/2016 to 07/06/2017 due to your account not being established for the electric service at the following address:

13598 EUCLID AVE NEW SERVICE EAST CLEVELAND OH 44112

This bill is based on the current read and the usage on the new meter. As of this date, your total account balance is a debit of \$44,961.07. This amount will be displayed on your next bill. If this is the first bill for a new account your balance may include a service charge.

We apologize for any inconvenience this billing adjustment may cause. The Public Utility Commission of Ohio requires that we place you on a payment plan. If you have any questions, please call us at the number shown above.

Sincerely,

The Illuminating Co A FirstEnergy Company

Mr. Eckert, thank you for the information. You provided me with exactly what I requested. However, apparently, I requested the wrong information. In order for me to understand the entire situation, please forward to me copies of any and all bills sent to Forest Hills during the time period of December 2016 through August 2017, no matter what account The Illuminating Co. was billing Forest Hills. I would like to see the specific bills which Forest Hills received during this time period. Thanks

From: Eckert, Joshua R [mailto:jeckert@firstenergycorp.com] Sent: Friday, October 27, 2017 9:38 AM To: Tom Wilson <<u>tom@wargoandwargo.com</u>> Cc: Dunn-Lucco, Carrie M <<u>cdunn@firstenergycorp.com</u>> Subject: RE: \*EXTERNAL\* RE: Forest Hills Supermarket, Inc. Follow-up

Mr. Wilson:

Attached as requested are several documents pertaining to Forest Hills' Account No. – 649. The first document is a copy of a letter sent to Forest Hills' on August 1, 2017, providing the total bill amount for electric service from December 9, 2016, through July 6, 2017. Individual bills were not issued during this time-period because Account No. – 649 was not yet established at that address. Included with this letter, however, was an account statement for Account No. – 649, which provided detailed information regarding the electric usage over this time-period and a break-down of the monthly charges. I have also attached an updated statement of account for Account No. – 649 for your reference.

The remaining attachments are Forest Hills' bills on Account No. - 649 from August through October 2017.

Please do not hesitate to contact me should you have any further questions.

Thank you, Josh Eckert

Mr. Eckert, Thank you for this information. Could you please send me the monthly bills actually sent to my client for Account-649 for the December 2016-August 2017 time period. Thank you. Tom Wilson

From: Eckert, Joshua R [mailto:jeckert@firstenergycorp.com] Sent: Wednesday, October 25, 2017 9:04 AM To: Tom Wilson <<u>tom@wargoandwargo.com</u>> Cc: Dunn-Lucco, Carrie M <<u>cdunn@firstenergycorp.com</u>> Subject: Forest Hills Supermarket, Inc. Follow-up

Mr. Wilson:

I am writing as a follow-up to our telephone conversation last week and to provide additional information regarding your client's accounts at 13598 Euclid Avenue. Company records indicate that Forest Hills currently has two accounts active at 13598 Euclid Avenue, Account No. 110124917649 ("Account No. – 649") (the subject of your letter) and Account No. 110023165209 ("Account No. – 209").

To begin, I would like to address the concerns expressed in your letter regarding Account No. 110124917649 ("Account – 649"). That account is served by meter number S314036132 (the "new electric meter" referenced in your letter). This meter was supposed to be associated with Account No. – 649 as of December 2016; however, due to an error, this meter was incorrectly associated with Zaremba's account until August 2017. To correct this error, an adjusted bill was issued on Account No. – 649 utilizing usage data from meter number S314036132. As we discussed on the phone call last week, this usage data was collected and billed separately on Zaremba's account, so there is no concern regarding combined usage. Accordingly, CEI's position is that the bill adjustment was proper and Forest Hills has been and is being properly billed for its electric usage at 13598 Euclid Avenue.

Forest Hills also currently has another open account, Account No. – 209, that is associated with 13598 Euclid Avenue. This account is served by two meters, meter number 834742596 and meter number A11692577; however, neither meter has registered any usage since at least January 5, 2017. It appears that these meters may be associated with a service that is no longer required at 13598 Euclid Avenue but have remained on the property as CEI has not received a request to close the account or terminate the service. The current outstanding balance on Account No. – 209 is a credit of \$1,610.07. If Forest Hills no longer requires this service, it can cancel the account by calling CEI's customer service line at 1-800-589-3101. If Forest Hills does so, I will work with our compliance team to have the cancellation back-dated to be effective as of January 2017 and to have any charges that have accrued since that time reversed. Account No. – 209 will then be closed and the remaining credit will be transferred and applied to Account No. – 649.

If Forest Hills does cancel Account No. – 209, please notify me in a timely manner so that I may make sure the cancellation of service is handled appropriately.

I trust that this will resolve your client's issues with its service at 13598 Euclid Avenue. Thank you for your time, and please do not hesitate to contact me should you have any questions.

Regards,
