COMMISSION OF OHIOIN RE: SUSTAINABLE ENERGY
SERVICES,

Applicant

CASE NO: 15-⁰⁴⁸⁶~~0427~~-GA-AGGMotion of Sustainable Energy Services
for extension of time to file renewal of
its Natural Gas Broker's Certificate

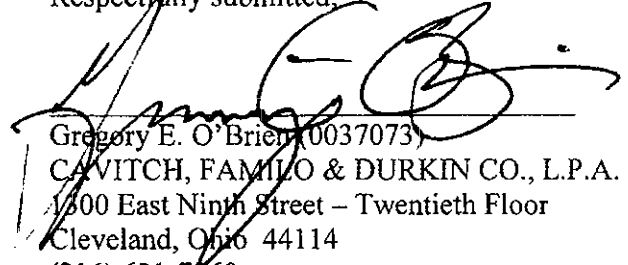

Sustainable Energy Services Inc. ("SES"), whose Ohio Competitive Retail Natural Gas Aggregator/Broker Certificate Number is 15-427G(2), and whose office and principal place of business is located at 24700 Center Ridge Road, Suite 390, Westlake, OH 44145, moves the commission for an extension of time to file its application for renewal of its Natural Gas Broker's Certificate (the "Certificate").

The Certificate last renewed on April 12, 2017 for the period of April 11, 2017 through April 11, 2019. Per commission regulations, the current renewal application was to have been filed no earlier than 60 days prior to expiration of the active Certificate and no later than 30 days prior its expiration, that is, between February 11 and March 11, 2019. On or about February 25, 2019, SES experienced a significant cyber damage event that took more than two weeks to address and, in the process, prevented it from timely submitting its renewal application. SES has substantially recovered from that event and is now able to complete the process of applying for the renewal of the Certificate.

Accordingly, SES requests that the commission grant it leave to file its renewal application at this time.

This is to certify that the images appearing are an
