Dear Members of the Board:

On June 13, 2016, a letter was submitted by University of Cincinnati personnel to the Ohio Power Siting Board stating opposition to the proposed 30' Duke Energy natural gas transmission line to be run along the UC Blue Ash Campus.

On behalf of the University of Cincinnati and UC Blue Ash College, I am writing to rescind that letter of opposition. The University recognizes that current plans call instead for installation of a distribution line, and additional safety measures have been put in place.

The University of Cincinnati and UC Blue Ash College do not oppose construction of a new natural gas distribution line as proposed by Duke Energy in this matter.

Sincerely,
