**MOTION TO INTERVENE  
BY  
THE OFFICE OF THE OHIO CONSUMERS' COUNSEL**

---

The Office of the Ohio Consumers' Counsel ("OCC") moves to intervene where Aqua Ohio, Inc. ("Aqua") seeks approval to charge customers for another System Improvement Charge ("SIC") in its Lake Erie Division, Masury Division, and the service areas formerly served by Ohio American Water Company, Mohawk Utilities, Inc., and Tomahawk Utilities, Inc.<sup>1</sup> Under Aqua's proposal, its residential customers would each pay a surcharge equal to 3.767% of their total water service bill.<sup>2</sup> OCC is filing on behalf of Aqua's 158,000 residential water customers. The reasons the Public Utilities Commission of Ohio ("PUCO") should grant OCC's Motion are further set forth in the attached Memorandum in Support.

**MEMORANDUM IN SUPPORT**

---

Aqua proposes to charge customers for a second System Improvement Charge (SIC); an application that was filed immediately upon PUCO approval of their previous SIC case.<sup>3</sup> If Aqua's charges are approved as proposed in the Application, each of Aqua's consumers will be assessed a 3.767% surcharge on their monthly water bill on top of the 3.66% Aqua was authorized to charge customers in the case concluded last month.<sup>4</sup> OCC has authority under law to represent the interests of the 158,000 residential water customers of Aqua, pursuant to R.C. Chapter 4911.

R.C. 4903.221 provides, in part, that any person "who may be adversely affected" by a PUCO proceeding is entitled to seek intervention in that proceeding. The interests of Ohio's residential consumers may be adversely affected by this case because Aqua's System Improvement Charge will increase consumers' monthly utility bills. Thus, this element of the intervention standard in R.C. 4903.221 is satisfied.

<sup>3</sup> *In the Matter of Aqua Ohio, Inc. for Authority to Assess a System Improvement Charge in the Lake/ Masury / Prior American / Prior Mohawk / Prior Tomahawk Properties*, Case No. 18-0337, Opinion and Order (Feb. 6, 2019).

<sup>4</sup> *Id.*

R.C. 4903.221(B) requires the PUCO to consider the following criteria in ruling on motions to intervene:

- (1) The nature and extent of the prospective intervenor's interest;
- (2) The legal position advanced by the prospective intervenor and its probable relation to the merits of the case;
- (3) Whether the intervention by the prospective intervenor will unduly prolong or delay the proceedings; and
- (4) Whether the prospective intervenor will significantly contribute to full development and equitable resolution of the factual issues.

First, the nature and extent of OCC's interest is representing Aqua's residential consumers in a proceeding where their monthly water bills will potentially increase. This interest is different from that of any other party and especially different from that of the Utility, whose advocacy includes the financial interest of stockholders.

Second, OCC's advocacy for residential customers will include advancing the position that the proposed monthly water infrastructure improvement charge increase to Aqua's customers must be just and reasonable.<sup>5</sup> OCC's position is therefore directly related to the merits of this case that is pending before the PUCO.

Third, OCC's intervention will not unduly prolong or delay the proceedings. OCC, with its longstanding expertise and experience in PUCO proceedings, will duly allow for the efficient processing of the case with consideration of the public interest.

Fourth, OCC's intervention will significantly contribute to full development and equitable resolution of the factual issues. OCC will obtain and develop information that

---

<sup>5</sup> See R.C. 4905.22 ("All charges made or demanded for any service rendered, or to be rendered, shall be just, reasonable, and not more than the charges allowed by law or by order of the public utilities commission...").

the PUCO should consider for equitably and lawfully deciding the case in the public interest.

OCC also satisfies the intervention criteria in the Ohio Administrative Code (which are subordinate to the criteria that OCC satisfies in the Ohio Revised Code). To intervene, a party should have a "real and substantial interest" according to Ohio Adm. Code 4901-1-11(A)(2). As the advocate for residential utility customers, OCC has a very real and substantial interest in this case in which the PUCO will determine the charges that customers pay for water service.

In addition, OCC meets the criteria of Ohio Adm. Code 4901-1-11(B)(1)-(4). These criteria mirror the statutory criteria in R.C. 4903.221(B), which OCC already has addressed and which OCC satisfies.

Ohio Adm. Code 4901-1-11(B)(5) states that the PUCO shall consider the "extent to which the person's interest is represented by existing parties." While OCC does not concede the lawfulness of this criterion, OCC satisfies this criterion in that it uniquely has been designated as the state representative of the interests of Ohio's residential utility consumers. That interest is different from, and not represented by, any other entity in Ohio.

Moreover, the Supreme Court of Ohio ("Court") confirmed OCC's right to intervene in PUCO proceedings, in deciding two appeals in which OCC claimed the PUCO erred by denying its interventions. The Court found that the PUCO abused its discretion in denying OCC's interventions and that OCC should have been granted intervention in both proceedings.<sup>6</sup>

---

<sup>6</sup> See *Ohio Consumers' Counsel v. Pub. Util. Comm.*, 111 Ohio St.3d 384, 2006-Ohio-5853, ¶¶13-20.

OCC meets the criteria set forth in R.C. 4903.221, Ohio Adm. Code 4901-1-11, and the precedent established by the Supreme Court of Ohio for intervention. On behalf of Ohio residential consumers, the PUCO should grant OCC's Motion to Intervene.
