## B. Describe the Company's supply portfolio projection, including both generation fleet and power purchases, for the 10 year planning horizon.

Provision Power and Gas ("Provision") does not own any generation assets that can be used for Ohio compliance. Provision intends to purchase both Solar and Non-Solar RECs from certified generators and other market participants who have joined an approved REC registry and will transfer RECs to Provision's account.

## C. Describe the methodology used by the Company to evaluate its compliance options.

Provision has used internal forecasting methods to forecast our retail sales over the next ten years, and multiplied the annual sales by the relevant Ohio Alternative Energy Portfolio Standards percentage.

D. Describe any perceived impediments to achieving compliance with the required benchmarks, as well as suggestions for addressing any such impediments.

Provision does not have any comments at this time.

### III. RPS Administration

Please describe any suggestions (non-legislative) the Company may have to make the administration of the Ohio RPS more effective and efficient. Additional communications, enhancements to the RPS webpage, etc.

Provision does not have any comments at this time.
