# **Notice of Public Information Meeting for Proposed Utility Facility**

Firelands Wind, LLC (“Firelands”), a wholly-owned subsidiary of Apex Clean Energy Holdings, LLC, will be holding a second public informational meeting on April 3, 2019, to outline its plans to build a wind-powered generation facility in Huron and Erie Counties, Ohio (the “Emerson Creek Wind Farm”). The first public informational meeting was held on November 15, 2018. The Emerson Creek Wind Farm will include associated infrastructure such as access roads, an electrical collector system, and an operations and maintenance facility. The wind turbines will generate clean, emissions-free electricity that qualifies as a renewable energy source in Ohio. Construction of the Emerson Creek Wind Farm is estimated to begin in the first quarter of 2020, resulting in commercial operations in the fourth quarter of 2020.

The public is invited to learn about the project schedule, design, construction, and environmental information for the proposed Emerson Creek Wind Farm at the second public information meeting that will take place from 5:00 p.m. to 7:00 p.m. on Wednesday, April 3, 2019 at the Bellevue VFW, 6104 Highway 20, Bellevue, OH 44811. Information addressing the facility will be available and company representatives will be available to respond to inquiries.
