Subject: **Northwest Ohio Wind Project, Ohio Utility Protection Service (OUPS) Registration**

Dear Ms. McNeal,

As stated as a Requirement (number 32) in the referenced Ohio Power Siting Board ("Board") Certificate, please know that CMS Enterprises and its subsidiary Northwest Ohio Wind, LLC (f/k/a Trishe Wind Ohio) have joined the OUPS as a voting member. We are jointly working with OUPS to address tickets requesting location of our Project's underground electrical lines, via our contracted location/staking service.

In addition, OUPS in collaboration with the Ohio Oil and Gas Association and the Ohio Gas Producers Underground Protection Service (OGPUPS) recently announced the consolidation of Ohio's two utility protection services under a unified "OHIO811" center. As our Project does not possess oil or natural gas utilities, OGPUPS advised that Project registration with their service was not needed.

Please contact me if the OPSB or Public Utilities Commission of Ohio have any questions or concerns regarding this submittal.

Regards,
