Petition to Ohio Power Siting Board re: 16-253-GA-BTX

We oppose the installation of Duke's Central Corridor Gas Pipeline Extension Project, whose proposed routes would affect Cincinnati, Blue Ash, Amberley, Reading, Deer Park, Kenwood, Madeira, Norwood, Pleasant Ridge, Evendale, Golf Manor, and other communities.

We, the undersigned:

1. Believe that new high pressure natural gas pipelines should not be sited through high population areas because of the heightened safety risks. We believe that Duke's proposed Central Corridor Pipeline poses potential catastrophic disaster and financial harm to the citizens of Hamilton County.
2. Believe it would set a precedent for other pipelines in the region and State.
3. Ask that this proposed pipeline extension be denied by the Ohio Power Siting Board.
