Subject: Comment on Case No. 18-0501-EL-FOR for Renewable Energy
Date: Sunday, June 9, 2019 9:06:18 PM

Dear PUCO Docketing Division,

The majority of people in Ohio clearly want renewable energy to be part of our plan.

I am writing to urge you to support AEP's proposed renewable projects (and ask that my comment be docketed in Case No. 18-0501-EL-FOR). We need the jobs that these projects will bring to our communities, we want cleaner air and water for our families, and we want to benefit from the lower energy costs that come with renewable development.

Ohio has fallen behind neighboring states like Michigan and Indiana. You can help to change that by supporting these projects and helping Ohio to become a clean energy leader in the region.

I urge you to find that there is an urgent need for the AEP renewable energy projects and to approve them.

Sincerely,

Wendy Jorgensen

Dear PUCO Docketing Division,

Worthington recently passed an electrical aggregation plan for the city and all customers who want it, to lower costs and reduce our carbon footprint. More Ohio green energy options would make it an even better option.

I am writing to urge you to support AEP's proposed renewable projects (and ask that my comment be docketed in Case No. 18-0501-EL-FOR).
