Regarding Republic Wind (Docket No. 17-2295-EL-BGN)

To Whom it May Concern:

Seneca County is my home, and I have an interest in decisions that impact our future.

Wind energy is a complex subject, but I've worked with Apex over the last few years to understand exactly what this project means for my family, my community, and our legacy. I'm not alone, as I've seen widespread support from my neighbors and family. Some don't want it, and I respect their right to abstain. As for me and my family, we welcome progress and all that this wind project can offer.

We've been waiting on this project for years. Now that it's finally here, I urge you to hear the support from the foundation of this community – the people who live here!

Sincerely,

Printed Name: Jean McGinnis

Street Address: 581 E. Twp. Rd. 1194

City: Tiffin, Ohio Zip: 44883

To Whom it May Concern:

I've lived in this area for ~~many~~ years and I've been following the Emerson Creek Wind project (Docket No. **18-1607-EL-BGN**, Emerson Creek) for quite some time. I've participated in public discussions and directly interacted with the developer, Apex Clean Energy.

Apex has been accessible and responsive to questions and feedback. Overall, they have been very engaged with members of the community and are committed to protecting our legacy. As I've talked to my fellow residents, I see broad support for Emerson Creek Wind. I recognize there are some in the county who do not want wind projects. Fortunately, no one is telling them they must put a turbine on their property.

The economic, community, infrastructure and health benefits that would result from this project are hardly debatable. For these reasons I urge you to support Emerson Creek Wind.

Sincerely,

Printed Name: Suzan J. TenVeen
