**Re: Guernsey Power Station, LLC,  
OPSB Case No. 17-1828-EL-BLN**

Dear Ms. McNeal:

On December 1, 2017, the Ohio Power Siting Board ("Board") Staff issued a Report of Investigation approving the Letter of Notification subject to a number of conditions. Within this set of conditions, Condition No. 1 requires that:

**Prior to construction in areas that require permits, the Applicant shall obtain and comply with all applicable permits and authorizations as required by federal and state entities. Copies of such permits and authorizations, including all supporting documentation, shall be provided to Staff to ensure compliance. . .**

In compliance with Staff Report Condition No. 1, Guernsey Power Station notifies the Board that the Ohio Environmental Protection Agency issued the project's Class V Area Permit to Drill and Area Permit to Operate on July 24, 2019. This permit was delivered to the OPSB Staff on July 28, 2019.

If you have any questions please call at the number listed above.

Sincerely,

Sally W. Bloomfield
