The Access Recovery Charge (ARC) is a monthly surcharge assessed to business customers (this surcharge will not apply to residential customers) in order to recover materially increased costs resulting from regulations adopted by the Federal Communications Commission in the *Matter of Unbundled Access to Network Elements and Review of the Unbundling Obligations of Incumbent Local Exchange Carriers*, (CC Docket 01-388 and WC Docket 04-313). The ARC is calculated by application of a percentage to each customer's total monthly recurring charges (MRCs). The ARC percentage to be applied will be determined by the customer's total MRCs on its monthly invoice. The chart below shows the ARC percentage that will be applied based on the MRCs
