

August 15, 2019

Ms. Barcy F. McNeal
Secretary
Docketing Division
The Public Utilities Commission of Ohio
180 East Broad Street
Columbus, OH 43215-3793

Letter of Notification
Darrow Substation Expansion Project
Case No. 19-0585-EL-BLN
Supplemental Information

Dear Ms. McNeal:

In response to Staff's request for additional information and clarification of the information presented in the Letter of Notification application filed on May 22, 2019, please find attached a supplemental map of the expansion area for this Project. At Staff's request, we are submitting this additional information into the docket as a supplement to the Letter of Notification application.

As shown in the attached Exhibit, the northern fence of the expanded substation area will be located approximately 30 feet to the south of the tree line. Except as otherwise provided in the application no tree clearing or in-water work is proposed for the Project. ATSI notes that the Staff Report of Investigation, docketed yesterday, August 14, 2019, includes proposed conditions related to tree removal and work in sensitive areas, which would include surface waters of the State.

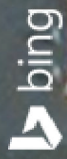

Should the Ohio Power Siting Board desire further information or discussion of this submittal, please contact me at (330) 761-4473.

Sincerely,

Nataliya Bryksenkova
Engineer
Energy Delivery
Transmission and Substation Design
FirstEnergy Service Company

cc: J. O'Dell
