RE: In the Matter of the Application of One Source Energy, LLC, Case No. 16-1181-GA-ACE

Dear Docketing Division:

Please file this letter in case number 16-1181-GA-ACE as a supplement to the August 19, 2019 Comments submitted by the Public Utilities Commission of Ohio (PUCO or Commission) staff (Staff).

Within its August 19, 2019 Comments, Staff determined that One Source Energy, LLC (One Source or Company) has failed to comply with multiple sections of the Ohio Revised Code and Ohio Administrative Code and does not have the managerial, technical, or financial capability to provide natural gas service. In describing the Company's failure to comply with R.C. 4905.54 and 4905.56, Staff also intended to note the Company's inconsistent responses to a Commission directive related to the Company's current customer list.

Specifically, in the Commission's July 31, 2019 Second Finding and Order, the Commission directed "One Source must provide an up-to-date customer list to the Commission by August 9, 2019." (At ¶36.) While R.C. 4905.54 and 4905.56 generally require public utilities to comply with Commission orders, One Source has instead provided multiple customer lists with varying customer counts that provide no clarity on this issue. For instance, on July 30, 2019, One Source employees provided a customer list to Staff that listed 118 customers (see Attachment A), but the Company's August 9, 2019 filings provided differing amounts. In relation to the customers to whom its public awareness program was mailed, One Source listed 113 customers. However, when stating it was providing the requested customer list, One Source only listed 89 customers.

As of the filing of this letter, One Source has not addressed these inconsistencies. Consequently, Staff is not able to determine which customer list is accurate, whether the Company has complied with the directive in the Commission's July 31, 2019 Second Finding and Order, nor the reason for One Source's multiple and inconsistent submissions. Therefore, Staff presents this additional information for the Commission's awareness, as a customer list representing a

current customer count of 118 customers was not previously docketed for the Commission's consideration.
