Case #18-1419-GA-EXM

Please do not eliminate SCO
(Standard Choice Option) available
through Dominion Energy Ohio.

We like being able to have
this. We have locked in with
other suppliers at different times
and have never been happy
that way. Our gas prices with
the SCO have always been more
reasonable than with the others.
We depend on the Standard Choice
Option.

Thank you for your
consideration.

Sincerely,
Mary Morris
