

# THE PUBLIC UTILITIES COMMISSION OF OHIO

IN THE MATTER OF THE REVIEW OF DUKE  
ENERGY OHIO, INC.'S DISTRIBUTION  
STORM RIDER.

CASE NO. 19-574-EL-RDR

IN THE MATTER OF THE APPLICATION OF  
DUKE ENERGY OHIO, INC., FOR  
APPROVAL OF TARIFF AMENDMENTS.

CASE NO. 19-702-EL-ATA

## FINDING AND ORDER

Entered in the Journal on October 9, 2019

### I. SUMMARY

{¶ 1} The Commission approves Duke Energy Ohio, Inc.'s application for recovery associated with the Distribution Storm Rider, subject to modifications.

### II. DISCUSSION

{¶ 2} Duke Energy Ohio, Inc. (Duke) is an electric distribution utility (EDU) as defined by R.C. 4928.01(A)(6) and a public utility as defined in R.C. 4905.02, and, as such, is subject to the jurisdiction of this Commission.

{¶ 3} R.C. 4928.141 provides that an EDU shall provide consumers within its certified territory a standard service offer (SSO) of all competitive retail electric services necessary to maintain essential electric services to customers, including a firm supply of electric generation services. The SSO may be either a market rate offer in accordance with R.C. 4928.142 or an electric security plan (ESP) in accordance with R.C. 4928.143.

{¶ 4} On December 19, 2018, the Commission approved a stipulation and recommendation filed by Duke and other parties that, among other things, included an ESP for the period June 1, 2018, through May 31, 2024. *In re Duke Energy Ohio, Inc.*, Case No. 17-1263-EL-SSO, et al., Opinion and Order (Dec. 19, 2018). In the Opinion and Order, the Commission continued Duke's Distribution Storm Rider (Rider DSR). In accordance with the stipulation, Rider DSR tracks annual incremental major storm expenses, as compared to the amount recovered in base rates. Duke is required to file an annual adjustment to recover

or refund the accumulated balance of the deferred storm cost deferral as of December 31, 2018.

{¶ 5} On March 27, 2019, Duke filed an application to recover 2018 storm-related restoration costs. Duke seeks to recover \$2,816,094, on a fixed monthly basis of \$0.17 per residential customer.

{¶ 6} Staff filed its review and recommendation on August 13, 2019, and recommends an adjustment of \$5,045. Staff asserts it investigated whether Duke's application was reasonable and whether the application complied with sound ratemaking principals. Staff states that, generally, Duke appropriately included all major-storm related expenses. Staff recommends that certain expenses associated with travel and meals be disallowed, as they were outside the time-frame of a storm or otherwise inadvertently included. As explained by Staff, after the deduction, Duke's total major storm expenses for 2018 is \$7,380,890. After considering the \$4.4 million already recovered in base rates for storm restoration, as well as carrying charges and \$161,262 prior-year regulatory liability, Staff's recommended revenue requirement is \$2,811,049.

{¶ 7} Duke filed a letter on September 3, 2019, stating that it did not contest Staff's recommendations.

{¶ 8} Upon review, the Commission finds that Duke's application for recovery does not appear to be unjust or unreasonable and should be approved, subject to Staff's recommendations. Based on Duke's September 3, 2019 communication, no hearing in the matter is necessary.

### III. ORDER

{¶ 9} It is, therefore,

{¶ 10} ORDERED, That Duke's application for recovery be approved, subject to Staff's recommended modifications. It is, further,

{¶ 11} ORDERED, That Duke be authorized to file in final form complete copies of the tariff pages consistent with this Finding and Order and to cancel and withdraw its superseded tariff pages. Duke shall file one copy in its TRF docket and one copy in this docket. It is, further,

{¶ 12} ORDERED, That the effective date of the new tariffs shall be a date not earlier than the date upon which the final tariffs are filed with the Commission. It is, further,

{¶ 13} ORDERED, That Duke shall notify all affected customers via a bill message or via a bill insert within 30 days of the effective date of the tariffs. A copy of the customer notice shall be submitted to the Commission's Service Monitoring and Enforcement Department, Reliability and Service Analysis Division, at least 10 days prior to its distribution to customers. It is, further,

{¶ 14} ORDERED, That nothing in this Finding and Order shall be binding upon this Commission in any future proceeding or investigation involving the justness or reasonableness of any rate, charge, rule or regulation. It is further,

{¶ 15} ORDERED, That a copy of this Finding and Order be served upon all parties of record.

COMMISSIONERS:

*Approving:*

Sam Randazzo, Chairman  
M. Beth Trombold  
Lawrence K. Friedeman  
Daniel R. Conway  
Dennis P. Deters
