Hello Samantha and PUCO,

Regarding Case # 00260678 [REDACTED]

Customer [REDACTED] enrolled both Palmco's gas and electric variable rate plans on 7/25/2017, as a result of a door-to-door sale. We've attached the agreement, TPV and confirmation packages sent detailing the terms of service.

Gas Plan: Introductory Rate of \$0.37980 for the first three billing cycles, and a variable rate thereafter.

Electric Plan: Introductory Rate of \$0.05260 for the first three billing cycles, and a variable rate thereafter.

Neither of these enrollments were in fixed rate plans, so the customer was not required to be sent any renewal notice.

Palmco began conducting business under its trade name Indra Energy in October 2018. We're attaching the postcard mailed to customers advising of this change.

The AEP electric account had already been cancelled on 4/11/2018. No ETFs were issued.

On 3/21/2019 [REDACTED] contacted our Customer Service line and expressed unhappiness with her gas bill. The customer was offered a switch from variable plan to fixed, customer refused and requested account be cancelled. Per customers request account was dropped with no ETF's issued to the customer. Dominion East established service end date of 4/17/2019 for the gas account.

In her conversation with us, the customer also requested account be reviewed. Upon review, since the customer was dissatisfied with their recent variable bill, we're going to rerate the customer's most recent last two bills, as well as her upcoming final bill. 1/16/19-2/15/19 to the rate of 0.36398 resulting in a credit in the amount of \$371.50 and 2/14/19-3/15/19 to the rate of 0.36398 resulting in a credit in the amount of \$214.66. The total credit in the amount of \$586.16 will be sent to the utility to be applied to her account. These adjustments will provide the customer with the financial effect of an expedited return to her utility.

Thank you.

You will receive a single monthly bill from your utility that contains both PALMco's charges and your utility's charges. Your payment for natural gas and/or electric supply service is due on the date set forth on the bill. You shall pay a late payment charge on all unpaid amounts (including arrears and late payment charges) owing and not received by PALMco by the due date of the bill, at a rate of 1.5% per month or the maximum amount permitted by law, whichever is lower. You shall also be responsible for paying PALMco's reasonable attorneys' fees, costs, and expenses incurred by it in collecting any such payment from you. If you fail to pay your bill for natural gas and/or electric supply service or you fail to satisfy any agreed upon payment arrangement you may have, your utility may disconnect your service in accordance with the provisions of its tariff. If your utility disconnects your service, this Agreement may be automatically terminated. Hello Lee and the PUCO,

This customer's gas and electric accounts were submitted for enrollment in Indra's service as the result of a door-to-door sale on 3/24/19. We've attached the TPV recording for this enrollment, as well as the confirmation packages sent to the customer detailing the terms of service. The enrollment was rejected by the customer's gas and electric utilities, and as a result the customer will not receive Indra's supply.

At the time of enrollment, the customer completed a TPV in which she confirmed her understanding of Indra's service. With that said, the alleged action of the sales representative in question is completely against Indra's Code of Conduct. Upon receiving this complaint, these concerns were passed onto the sales partner to address with the representative in question. Although the sales representative in question has not had any similar allegations made against him, as a result of this complaint, we will be increasing our review of the rep's activity to ensure that no problematic behavior is identified.

Let us know if we can be of any further assistance. Thank you.

Hello Samantha and the PUCO,

Regarding Case # 00258016, [REDACTED]

Ms. [REDACTED] enrolled her gas and electric accounts in Palmco's variable rate plans on 9/12/18, as the result of a telephone sale. We've attached the sales call audio and TPV recording for this enrollment, as well as the confirmation packages sent to the customer detailing the terms of service. We've also attached a copy of the postcard mailed to the customer which explained that Palmco would be conducting business under its trade name, Indra Energy, in October 2018. The customer's gas and electric accounts began receiving our supply on 9/20/18 and 10/9/18, respectively.

Gas Plan: Variable. This included a two-month introductory rate of \$0.3700 per Ccf, after which the rate would vary month-to-month. No ETFs.

Electric Plan: Variable. This included a two-month introductory rate of \$0.0520 per kWh, after which rate would vary month-to-month. No ETFs.

We received inbound drop transactions for the customer's gas and electric accounts on 1/16/19 and 1/15/19, respectively. No termination fees were issued for cancellation. Per the determination of the customer's gas and electric utilities, the customer's gas and electric accounts stopped receiving our supply on 12/20/18 and 2/8/19, respectively.

On 3/11/19, Ms. [REDACTED] contacted our Customer Service line. The customer expressed concerns with her electric bill, and was advised that her account would be escalated for further review. Upon review, in the interest of customer satisfaction and to provide the customer with an expedited service end date, we determined that we would rerate the customer's final electric bill to the rate we have on file for her electric utility (\$0.0552 per kWh). This results in an adjustment of \$543.48 for the billing cycle of 1/10/19 – 2/8/19, which will be sent to the customer's electric utility in order to be applied to her account. Our Customer Service staff attempted to follow up with Ms. [REDACTED] on 3/18/19 and 3/19/19 to inform her of this adjustment, but they were only able to leave voicemail messages.

Let us know if we can be of any further assistance. Thank you.

Hello Leah and the PUCO,

Regarding Case # 00256927, [REDACTED]

Mr. [REDACTED] enrolled his gas and electric accounts in Palmco's variable rate plans on 7/31/18, as the result of a door-to-door sale. We've attached the TPV recording and signed agreement for this enrollment, as well as the confirmation packages sent to the customer detailing the terms of service. Palmco began servicing the customer's gas and electric accounts on 8/10/18 and 8/24/18, respectively.

Gas Plan: Variable. This included a two-month introductory rate of \$2.60 per Mcf, after which the rate would vary month-to-month.

Electric Plan: Variable. This included a two-month introductory rate of \$0.0510 per kWh, after which rate would vary month-to-month.

Palmco began conducting business under its trade name, Indra Energy, in October 2018. We're attaching a copy of the postcard mailed to the customer informing him of this brand name change.

We received an inbound drop transaction for the customer's electric account on 12/7/18, and the customer's electric utility (Ohio Edison) determined a service end date of 12/21/18. No termination fees were issued for cancellation. We did not receive a drop request for the customer's gas account at this time.

Upon receiving this complaint, since this customer has expressed displeasure with the variable product he was enrolled under, we submitted an outbound drop for the customer's gas account. No termination fees were issued for cancellation, and a service end date will be determined by the customer's gas utility, DEO. In the interest of customer satisfaction and to provide the customer with the effect of an expedited return to his utility's standard offer, we are willing to rerate the customer's most recent variable gas bill to the rate we have on file for his gas utility, and will also adjust the customer's final bill, once it is rendered. We've included a chart below detailing our calculations for this adjustment, which amounts to \$88.97 for the billing cycle of 1/15/19 – 2/12/19.

Begin Date	End Date	Billed Usage (ccf)	Supply Charge (with tax)	ReRate To:	ReRate PreTax	ReRate Tax	ReRate Total	Amt Due Customer

DESCRIPTION OF ISSUE:

Mr. [REDACTED] states that he originally enrolled with Indra after speaking to a door-to-door sales agent in the summer of 2018 when the agent advised that he would be receiving a lower rate for the next 8 months. He called DEO to cancel his service with Indra Energy in December after he noticed that his charges with Indra were very high. He states he has continued to receive charges from Indra energy. He would like the past few months bills re-rated to DEO's SCO rate.

1. When was the customer solicited?
2. When was the start service date?
3. When is the stop service date?
4. What was the agreed upon rate and for how long?
5. Please provide a copy of the TPV, Welcome Letter with terms and conditions, renewal notifications, and any other documentation regarding the case.

Hello Leah and the PUCO,

Mr. [REDACTED] enrolled his gas and electric accounts in Palmco's variable rate plans on 7/31/18, as the result of a door-to-door sale. We've attached the TPV recording and signed agreement for this enrollment, as well as the confirmation packages sent to the customer detailing the terms of service. Palmco began servicing the customer's gas and electric accounts on 8/10/18 and 8/24/18, respectively.

Gas Plan: Variable. This included a two-month introductory rate of \$2.60 per Mcf, after which the rate would vary month-to-month.

Electric Plan: Variable. This included a two-month introductory rate of \$0.0510 per kWh, after which rate would vary month-to-month.

Palmco began conducting business under its trade name, Indra Energy, in October 2018. We're attaching a copy of the postcard mailed to the customer informing him of this brand name change.

We received an inbound drop transaction for the customer's electric account on 12/7/18, and the customer's electric utility (Ohio Edison) determined a service end date of 12/21/18. No termination fees were issued for cancellation. We did not receive a drop request for the customer's gas account at this time.

Upon receiving this complaint, since this customer has expressed displeasure with the variable product he was enrolled under, we submitted an outbound drop for the customer's gas account. No termination fees were issued for cancellation, and a service end date will be determined by the customer's gas utility, DEO. In the interest of customer satisfaction and to provide the customer with the effect of an expedited return to his utility's standard offer, we are willing to rerate the customer's most recent variable gas bill to the rate we have on file for his gas utility, and will also adjust the customer's final bill, once it is rendered. We've included a chart below detailing our calculations for this adjustment, which amounts to \$88.97 for the billing cycle of 1/15/19 – 2/12/19.

Begin Date	End Date	Billed Usage (ccf)	Supply Charge (with tax)	ReRate To:	ReRate PreTax	ReRate Tax	ReRate Total	Amt Due Customer
1/15/2019	2/12/2019	168	\$143.13	\$0.3020	\$50.74	\$3.42	\$54.16	\$88.97

Let us know if we can be of any further assistance. Thank you.

DESCRIPTION OF ISSUE:

Good afternoon,

Mr. [REDACTED] contacted the PUCO regarding a rep from your company going to his home. He was informed by the rep that if he agreed to the intro rate the variable rate after would be lower then his gas and electric rates from the distribution company. He said the rep misled him to believe he was going to receive a great rate and would save money. When on the phone with the TPV the rep stayed at his home and was coaching him on what to say, and she was being very pushy. Also, due to his community having a sign stating there is no solicitation your company should not have been at the customers home.

Please provide the following:
If a sales call, the recording.
If a door to door sale, a signed contract.

A copy of the TPV.

A copy of the contract and terms and conditions.

A copy of the renewal letter sent.

Can you look into the misleading information that was provided to the customer?

If this community has a no solicitation sign before enter, can you explain why your rep was soliciting your company?

I would greatly appreciate any additional information you can provide regarding this situation.

Hello Samantha,

Regarding PUCO Case ID 00256914; [REDACTED]

This electric and gas account were enrolled in our service 10/31/2018, as a result of a door-to-door sale. We're attaching the signed agreement and TPV recording from this enrollment. We've also attached the confirmation packets mailed following enrollment.

Gas Plan: Variable. This included a two-month introductory rate of \$2.60 per Mcf, after which the rate would vary month-to-month. No ETFs.

Electric Plan: 100%-Green Variable. This included a two-month introductory rate of 51 cents, after which the rate would vary month-to-month. No ETFs.

The customer reached out to our Customer Service line on 2/26/2019 to cancel his accounts. Ohio Edison established an end date of 3/26/2019 and Dominion established an end date of 3/12/2019.

Neither of the customer's accounts were enrolled in fixed products, and as a result, no renewal letter was required to be provided to the customer.

After reviewing the TPV the customer completed, I do not see any indication that the customer was being coached on how to answer prompts, and he answered a prompt during that TPV to confirm that the sales agent had left the premises. Nonetheless, we take the concerns raised here seriously; in addition to not remaining on premises during a TPV, sales agents are required to explain all aspects of any fixed or variable products they are selling, and should not continue to pursue customers if they come across a sign that prohibits soliciting. We have reached out to the sales vendor who employs this agent, and we are currently waiting for their feedback.

Due to the customer's confusion regarding Indra's variable products, and due to any inconvenience the customer may have experienced during his sales experience, we'd be willing to rerate the customer's most recent and upcoming bills; this would provide the customer with the financial effect of a more expedited return to his utilities immediately following the introductory period of his electric and gas plans. We will plan

to calculate and proceed with this rerate, unless you would rather provide the information for us in order to calculate this adjustment to apply to the customer's accounts.

Thank you.

DESCRIPTION OF ISSUE:

Good afternoon,

Mr. [REDACTED] contacted the PUCO regarding a rep from your company going to his home. He was informed by the rep that if he agreed to the intro rate the variable rate after would be lower than his gas and electric rates from the distribution company. He said the rep misled him to believe he was going to receive a great rate and would save money. When on the phone with the TPV the rep stayed at his home and was coaching him on what to say, and she was being very pushy. Also, due to his community having a sign stating there is no solicitation your company should not have been at the customers home.

Please provide the following:

If a sales call, the recording.

If a door to door sale, a signed contract.

A copy of the TPV.

A copy of the contract and terms and conditions.

A copy of the renewal letter sent.

Can you look into the misleading information that was provided to the customer?

If this community has a no solicitation sign before enter, can you explain why your rep was soliciting your company?

I would greatly appreciate any additional information you can provide regarding this situation.

Hello Samantha,

Regarding PUCO Case ID 00256914; [REDACTED]

This electric and gas account were enrolled in our service 10/31/2018, as a result of a door-to-door sale. We're attaching the signed agreement and TPV recording from this enrollment. We've also attached the confirmation packets mailed following enrollment.

Gas Plan: Variable. This included a two-month introductory rate of \$2.60 per Mcf, after which the rate would vary month-to-month. No ETFs.

Electric Plan: 100%-Green Variable. This included a two-month introductory rate of 51 cents, after which the rate would vary month-to-month. No ETFs.

The customer reached out to our Customer Service line on 2/26/2019 to cancel his accounts. Ohio Edison established an end date of 3/26/2019 and Dominion established an end date of 3/12/2019.

Neither of the customer's accounts were enrolled in fixed products, and as a result, no renewal letter was required to be provided to the customer.

After reviewing the TPV the customer completed, I do not see any indication that the customer was being coached on how to answer prompts, and he answered a prompt during that TPV to confirm that the sales agent had left the premises. Nonetheless, we take the concerns raised here seriously; in addition to not remaining on premises during a TPV, sales agents are required to explain all aspects of any fixed or variable products they are selling, and should not continue to pursue customers if they come across a sign that prohibits soliciting. We have reached out to the sales vendor who employs this agent, and we are currently waiting for their feedback.

Due to the customer's confusion regarding Indra's variable products, and due to any inconvenience the customer may have experienced during his sales experience, we'd be willing to rerate the customer's most recent and upcoming bills; this would provide the customer with the financial effect of a more expedited return to his utilities immediately following the introductory period of his electric and gas plans. We will plan to calculate and proceed with this rerate, unless you would rather provide the information for us in order to calculate this adjustment to apply to the customer's accounts.

Thank you.

Hello Samantha and the PUCO,

Regarding Case # 00257490, [REDACTED]

This customer's gas and electric accounts were enrolled in Indra's service on 2/12/19, as the result of a telephone sale. The enrollment was completed by Mr. [REDACTED], who indicated he was authorized to enroll the accounts. We do not yet have the sales audio available, but we've attached the TPV recording for this enrollment, as well as the confirmation packages sent to the customer detailing the terms of service.

Gas Plan: 100%-Green Variable. This included a two-month introductory rate of 45 cents per Ccf, after which the rate would vary month-to-month.

Electric Plan: 100%-Green Variable. This included a two-month introductory rate of 5.4 cents per kWh, after which rate would vary month-to-month.

On 2/22/19, we received an inbound drop transaction for the customer's electric account, which was processed without penalty. This effectively rescinded the enrollment for the customer's electric account; the account will not be serviced by Indra.

We have a record of Ms. [REDACTED] contacting our Customer Service line on 3/7/19. However, the call was disconnected, and our staff was unable to reconnect with her upon calling her back.

Upon receiving this complaint, due the customer's concerns, we submitted an outbound drop for the customer's gas account, and the customer's gas utility will determine an end date. The customer's gas account may briefly be serviced by Indra, as the account currently has a scheduled start date of 3/22/19 at our introductory rate of 45 cents per Ccf.

The customer will not incur any termination fees from Indra.

Let us know if we can be of any further assistance. Thank you.

Hello Samantha,

We were able to locate the sales call audio for this enrollment, attached here. Sorry for delay in getting this to you. The customer's gas account is scheduled to receive service for one month (3/22/19 – 4/22/19), which will be billed at our introductory rate of 45 cents per Ccf.

Hello Samantha and the PUCO,

Regarding Case # 00257490, [REDACTED]

This customer's gas and electric accounts were enrolled in Indra's service on 2/12/19, as the result of a telephone sale. The enrollment was completed by Mr. [REDACTED] who indicated he was authorized to enroll the accounts. We do not yet have the sales audio available, but we've attached the TPV recording for this enrollment, as well as the confirmation packages sent to the customer detailing the terms of service.

Gas Plan: 100%-Green Variable. This included a two-month introductory rate of 45 cents per Ccf, after which the rate would vary month-to-month.

Electric Plan: 100%-Green Variable. This included a two-month introductory rate of 5.4 cents per kWh, after which rate would vary month-to-month.

On 2/22/19, we received an inbound drop transaction for the customer's electric account, which was processed without penalty. This effectively rescinded the enrollment for the customer's electric account; the account will not be serviced by Indra.

We have a record of Ms. [REDACTED] contacting our Customer Service line on 3/7/19. However, the call was disconnected, and our staff was unable to reconnect with her upon calling her back.

Upon receiving this complaint, due the customer's concerns, we submitted an outbound drop for the customer's gas account, and the customer's gas utility will determine an end date. The customer's gas account may briefly be serviced by Indra, as the account currently has a scheduled start date of 3/22/19 at our introductory rate of 45 cents per Ccf.

The customer will not incur any termination fees from Indra.

Let us know if we can be of any further assistance. Thank you.

Hello Tara and PUCO,

Customer [REDACTED] enrolled in Indra's gas and electric variable rate plans on 10/23/2018 , as a result of a Door-to-Door sale. We've attached the agreement, TPV and confirmation packages sent detailing the terms of service.

Gas Plan: Introductory Rate of \$2.60000/Mcf for the first two billing cycles, and a variable rate thereafter.

Electric: Introductory Rate of \$0.05100/kWh for the first two billing cycles, and a variable rate thereafter.

On 3/26/2019 Mrs. [REDACTED] contacted our Customer Service line and expressed unhappiness with her bill. Customer requested account be reviewed for a credit. Per customers request account was sent for review.

On 4/5/19 [REDACTED] customers daughter contacted our customer service line and requested her mother's accounts be canceled. Per customers request accounts were dropped, with no ETF's issued. Dominion East established service end date of 4/9/2019 for the gas account and Ohio Edison established a service end date of 4/5/2019 for the electric account. Also at customers request they were placed on the Do not Call and Do Not Knock lists.

Upon review of the account it was determined that we will rerate the customer's final bills to the rate of their utility, once it is rendered. This will provide the customer with the financial effect of an expedited return to their utility.

Natural Gas Variable Price (when applicable): You will pay a Variable Price for natural gas supply service that may vary from month to month as determined by Indra in its sole discretion, based on the wholesale cost of natural gas to the Delivery Point, administrative and regulatory compliance costs, supply and agency functions that Indra performs for you, and other prevailing business considerations and market conditions, plus Indra's costs, expenses and margins. This list of factors is not exhaustive and no single factor will determine the rate.

Electric Variable Price (when applicable): You will pay a variable rate for electric supply service that may vary from month to month as determined by Indra based on the wholesale market prices acquired for energy, any supply and agency functions that Indra performs for you, line loss, certain transmission, capacity, ancillary, administrative and regulatory compliance costs incurred by Indra, alternative and renewable energy requirements, market conditions, expenses and margins.

Natural Gas and/or Electric Supply Price Disclosures: There is no limit on how much the Variable Price of your natural gas

and/or electric supply service may change from one billing cycle to the next and your Variable Price may be higher or lower than your utility's standard offer service rate in any given month. Indra does not guarantee savings in any month or for the entire length of this Agreement. Indra's current and historical prices are not an indicator of future prices. You can access future variable pricing information, updated monthly, by visiting Indra's website at <https://IndraEnergy.com/ohio/ohio-variable-rates/> or by calling (888) 504-6372.

Other Charges: You are also responsible for paying and reimbursing Indra for all applicable taxes, and other government fees, assessments, and charges, however designated, relating to the natural gas and/or electric supply service provided under this Agreement. BILL PAYMENT/LATE PAYMENT CHARGES/BUDGET BILLING. You will be billed by your utility(ies) at intervals established by your utility(ies). You will pay Indra's charges for natural gas and/or electric supply service based on meter readings and consumption information that Indra receives from your utility ("Billing Quantity"). You will receive a single monthly bill from your utility that contains both Indra's charges and your utility's charges. Your payment for natural gas and/or electric supply service is due on the date set forth on the bill. You shall pay a late payment charge on all unpaid amounts (including arrears and late payment charges) owing and not received by Indra by the due date of the bill, at a rate of 1.5% per month or the maximum amount permitted by law, whichever is lower. You

shall also be responsible for paying Indra's reasonable attorneys' fees, costs, and expenses incurred by it in collecting any such payment from you. If you fail to pay your bill for natural gas and/or electric supply service or you fail to satisfy any agreed upon payment arrangement you may have, your utility may disconnect your service in accordance with the provisions of its tariff. If your utility disconnects your service, this Agreement may be automatically terminated. In addition, if your payment for natural gas and/or electric supply service is not received from you on a timely basis or does not meet any agreed-upon payment plan, Indra may, after 14 calendar days' written notice to you, terminate this Agreement and its natural gas and/or electric supply service to you. You have the right to request from Indra, without charge, up to 24 months of your payment history covering services rendered by Indra, without charge, twice within any 12-month period. Budget Billing is available for both the delivery and natural gas and/or electric supply service portions of your bill. If Indra decides to terminate as provided in this Agreement, it shall provide advance notice to you in writing to your Service Address (es). You may terminate this Agreement at any time by: (a) calling (888) 504-6372; (b) sending a letter to 1515 Market Street, Suite 1200, Philadelphia, PA 19102; or (c) emailing

CustomerCare@IndraEnergy.com. Upon termination as provided in this Agreement, you will be returned to your utility's standard service or you may choose another supplier. In any case in which your natural gas and/or electric supply service with Indra is terminated as provided in this Agreement, you will remain obligated to pay for the natural gas and/or electric supply service provided by Indra prior to the effective date of the termination. The effective date of termination will be determined by your utility. Your natural gas and/or electric supply service from Indra will terminate automatically without penalty to you if any of the following occurs: (a) your Service Address(es) is not served or no longer served by your utility; (b) you move outside your utility's service area or to an area not served by Indra; or (c) Indra returns you to your utility's applicable tariff service pursuant to the terms of this Agreement. You may also cancel your natural gas and/or electric supply service with Indra without penalty if you relocate your Service Address(es): (a) outside of the service territory of your gas and/or electric utility(ies); (b) within the service territory of your gas and/or electric utility(ies) if your utility does not permit you to transfer your Indra contract to your new Service Address(es); or (c) to an area where Indra charges a different price for natural gas and/or electric supply service. If you voluntarily return or switch back to your natural gas and/or electric utility after choosing Indra, you may not be served under the same rates, terms, and conditions as those available to other customers served by your natural gas and/or electric utility.

PRICING.

Natural Gas and/or Electric Introductory or Initial Price (when applicable): You will pay an Introductory/Initial Price as set forth in your Confirmation Letter for the time period set forth in your Confirmation Letter, and thereafter, your price for natural gas and/or electric supply service will automatically become for the length of this Agreement either a Variable or Fixed price as described herein and as stated in your Confirmation Letter.

Natural Gas and/or Electric Fixed Price (when applicable): You will pay a Fixed Price as set forth in your Confirmation Letter for the fixed term indicated in your Confirmation Letter. Before the end of your fixed term, Indra will send you a notice with your contract renewal and pricing options.

Natural Gas Variable Price (when applicable): You will pay a Variable Price for natural gas supply service that may vary from month to month as determined by Indra in its sole discretion, based on the wholesale cost of natural gas to the Delivery Point, administrative and regulatory compliance costs, supply and agency functions that Indra performs for you, and other prevailing business considerations and market conditions, plus Indra's costs, expenses and margins. This list of factors is not exhaustive and no single factor will determine the rate.

Electric Variable Price (when applicable): You will pay a variable rate for electric supply service that may vary from month to month as determined by Indra based on the wholesale market prices acquired for energy, any supply and agency functions that Indra performs for you, line loss, certain transmission, capacity, ancillary, administrative and regulatory compliance costs incurred by Indra, alternative and renewable energy requirements, market conditions, expenses and margins.

Natural Gas and/or Electric Supply Price Disclosures: There is no limit on how much the Variable Price of your natural gas

and/or electric supply service may change from one billing cycle to the next and your Variable Price may be higher or lower than your utility's standard offer service rate in any given month. Indra does not guarantee savings in any month or for the entire length of this Agreement. Indra's current and historical prices are not an indicator of future prices. You can access future variable pricing information, updated monthly, by visiting Indra's website at <https://IndraEnergy.com/ohio/ohio-variable-rates/> or by calling (888) 504-6372.

Other Charges: You are also responsible for paying and reimbursing Indra for all applicable taxes, and other government fees, assessments, and charges, however designated, relating to the natural gas and/or electric supply service provided under this Agreement. This may include, but shall not be limited to, utility taxes, gross receipts taxes, and sales or use taxes imposed on Indra and/or you by federal, state, and/or local authorities. If you are tax exempt, you must furnish Indra an exemption certificate before service commences. This Agreement does not include utility transportation, delivery, or other charges that your gas or electric utility charges you for those services.

NO EARLY TERMINATION FEE. If you terminate this Agreement prior to the expiration of the term, you will not be subject to any early termination fees.

FIXED TERM AUTOMATIC RENEWAL. At least forty-five (45) days before the expiration of your Fixed Term, Indra will provide written notice to you of the Agreement's renewal ("Renewal Notice"). The Renewal Notice will set forth the proposed renewal option(s), including any applicable information required by the Commission. If you do not respond to the Renewal Notice or otherwise terminate this Agreement by notifying Indra in accordance with the Termination section herein, then your Agreement will automatically renew at the rate then in effect in accordance with the terms set forth in the Renewal Notice. **Indra can renew this Agreement without your affirmative consent even when there is a change in the rate or other terms and conditions.**

RESOURCE MIX, ENVIRONMENTAL CHARACTERISTICS, & RENEWABLE ENERGY INFORMATION. The applicable generation resource mix and environmental characteristics of the electric supply sold by Indra are available at www.IndraEnergy.com. This information is updated periodically following the requirements of the Public Utilities Commission of Ohio. If you select an electric renewable energy product, one hundred percent (100%) of your electricity usage will be matched with renewable energy credits (RECs), generated from renewable or alternative energy sources in the United States which have been qualified as such.

BILL PAYMENT/LATE PAYMENT CHARGES/BUDGET BILLING.

You will be billed by your utility(ies) at intervals established by your utility(ies). You will pay Indra's charges for natural gas and/or electric supply service based on meter readings and consumption information that Indra receives from your utility ("Billing Quantity"). You will receive a single monthly bill from your utility that contains both Indra's charges and your utility's charges. Your payment for natural gas and/or electric supply service is due on the date set forth on the bill. You shall pay a late payment charge on all unpaid amounts (including arrears and late payment charges) owing and not received by Indra by the due date of the bill, at a rate of 1.5% per month or the maximum amount permitted by law, whichever is lower. You

shall also be responsible for paying Indra's reasonable attorneys' fees, costs, and expenses incurred by it in collecting any such payment from you. If you fail to pay your bill for natural gas and/or electric supply service or you fail to satisfy any agreed upon payment arrangement you may have, your utility may disconnect your service in accordance with the provisions of its tariff. If your utility disconnects your service, this Agreement may be automatically terminated. In addition, if your payment for natural gas and/or electric supply service is not received from you on a timely basis or does not meet any agreed-upon payment plan, Indra may, after 14 calendar days' written notice to you, terminate this Agreement and its natural gas and/or electric supply service to you. You have the right to request from Indra, without charge, up to 24 months of your payment history covering services rendered by Indra, without charge, twice within any 12-month period. Budget Billing is available for both the delivery and natural gas and/or electric supply service portions of your bill. If you are interested in Budget Billing, you should contact your utility and request to be placed on a Budget Billing plan. If your electric utility is Duke Energy Ohio, to request Budget Billing for the electric supply service portion of your electric bill, you should contact Indra and request to be placed on a Budget Billing plan.

CUSTOMER INFORMATION RELEASE. You authorize Indra to begin your enrollment, initiate service to the accounts listed in your Confirmation Letter (or in any addendum) and to obtain historical billing data and other information about you ("Customer Information") from your natural gas and/or electric utility (ies), so that Indra can start and continue its service to you. Indra reserves the right to refuse to provide service to you under this Agreement if it is unable to obtain the necessary Customer Information or it obtains Customer Information that it considers to be unsatisfactory. For your **natural gas supply**, Indra will not release your social security number, account number(s), or any other Customer Information without your express written or electronic consent, except in accordance with rules 4901:1-28-04 and 4901:1-29-09 of the Ohio Administrative Code, or if it sells or assigns this Agreement to another third-party supplier. For your **electric supply**, Indra will not release your social security number, account number(s) without your written or electronic consent, except for Indra's own collections and/or credit reporting, participation in programs funded by the universal service fund, pursuant to section 4928.52 of the Revised Code, or if it sells or assigns this Agreement to another third-party supplier.

You shall be responsible for notifying Indra of any change in email address and/or any withdrawal of your consent to electronic communications. Notices transmitted to you via email will be deemed to have been received if transmitted to you at the email address provided to Indra by you.

FORCE MAJEURE. Neither Indra nor you will be liable for a breach of this Agreement if such breach is due to a force majeure event. A "force majeure event" means a material, unavoidable occurrence beyond a party's control, such as a fire, act of god or public enemy, labor strike, lockout or other industrial disturbance, act of terrorism, government action, utility action, storm, hurricane, flood, explosion, shortage or unavailability of transmission facilities, and other events that cannot be prevented or overcome by ordinary due diligence. A force majeure event does not include an inability to pay any amount owing under this Agreement.

LIMITATION OF LIABILITY. TO THE FULLEST EXTENT PERMITTED BY APPLICABLE OHIO LAW, NEITHER YOU NOR INDRA WILL BE LIABLE TO THE OTHER FOR ANY CONSEQUENTIAL, EXEMPLARY, PUNITIVE, INCIDENTAL, OR INDIRECT DAMAGES ARISING FROM A BREACH OF THIS AGREEMENT, INCLUDING, WITHOUT LIMITATION, LOST PROFITS OR LOST REVENUES.

ARBITRATION. TO THE FULLEST EXTENT PERMITTED BY APPLICABLE OHIO LAW, IF THERE IS AN ISSUE, CLAIM OR DISPUTE RELATING TO THIS AGREEMENT FOR ELECTRIC AND/OR NATURAL GAS SUPPLY SERVICE THAT NEEDS TO BE RESOLVED AND WE ARE UNABLE TO RESOLVE IT INFORMALLY, IT MAY BE RESOLVED THROUGH ARBITRATION. INCLUDED ARE ALL ISSUES, CLAIMS AND DISPUTES ARISING OUT OF OR RELATING TO ANY ASPECT OF YOUR PARTICIPATION IN THIS AGREEMENT FOR ELECTRIC AND/OR NATURAL GAS SUPPLY SERVICE WHETHER ARISING DURING OR AFTER YOUR PARTICIPATION IN THIS AGREEMENT FOR ELECTRIC AND/OR NATURAL GAS SUPPLY SERVICE. ANY SUCH ARBITRATIONS PERMITTED BY APPLICABLE OHIO LAW SHALL BE CONDUCTED ON AN INDIVIDUAL (AND NOT A CLASS-WIDE) BASIS AND AN ARBITRATOR SHALL HAVE NO AUTHORITY TO AWARD CLASS-WIDE RELIEF. NOTWITHSTANDING THE FOREGOING, THIS PARAGRAPH DOES NOT PREVENT YOU FROM FILING A COMPLAINT RELATING TO YOUR ELECTRIC AND/OR NATURAL GAS SUPPLY SERVICE WITH INDRA PURSUANT TO THE LAWS GOVERNING RETAIL ELECTRIC AND/OR NATURAL GAS SUPPLIERS IN YOUR STATE AND THE REGULATIONS OF ANY AGENCY IN YOUR STATE WITH JURISDICTION OVER RETAIL ELECTRIC AND/OR NATURAL GAS SUPPLIERS.

NO WARRANTIES. INDRA ENERGY MAKES ANY WARRANTIES, AFFIRMATIONS OF FACT, OR PROMISES, EXPRESS OR IMPLIED, THAT EXTEND BEYOND THE FACE OF THIS AGREEMENT, INCLUDING, WITHOUT LIMITATION, WARRANTIES OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE.

APPLICABLE LAWS, ETC. This Agreement is subject to all applicable Federal, state, and local laws, and the orders, rules, and regulations of governmental agencies having jurisdiction over the subject matter of this Agreement, including, without limitation, the Public Utilities Commission of Ohio. THIS

AGREEMENT WILL BE GOVERNED AND CONSTRUED IN ACCORDANCE WITH OHIO LAW, WITHOUT REGARD TO PRINCIPLES RELATING TO CONFLICTS OF LAW.

DESCRIPTION OF ISSUE:

On 09/2018, the customer's husband spoke with an Indra salesperson who came to their home and her husband signed up. The customer rate went from (3.??/MCF) to (\$10.??/MCF) the first month, 2nd month their rate increased to (\$17.36/MCF). The customer feels the sales person offered savings and they did not think their rates could increase so high for their utility service.

The customer has since cancelled Indra and is now in the 1-2 bill cycle transition time. The customer feels the salesperson misled them and would like to dispute excessive rate increase.

PUCO Question(s):

How (telephone, kiosk or door-to-door) and when was this customer signed up? Who agreed to the contract? How much was the term rate? Fixed or variable? If applicable, when was the reminder sent to address regarding the contract end date? Please provide a copy of

the contract, call script, recorded call with the customer and marketer and TPV.

Hello Kelly and the PUCO,

Regarding Case # 00261343, [REDACTED]

This customer's gas and electric accounts were enrolled in Indra's variable rate plans on 10/8/18, as the result of a door-to-door sale. We've attached the TPV recording and signed agreement for this enrollment, as well as the confirmation packages sent to the customer detailing the terms of service.

Gas Plan: Variable. This included a two-month introductory rate of \$2.60 per Mcf, after which the rate would vary month-to-month. No ETFs.

Electric Plan: 100%-Green Variable. This included a two-month introductory rate of \$0.0520 per kWh, after which rate would vary month-to-month. No ETFs.

Shortly after the customer's enrollment, on 10/12/18, the customer contacted our Customer Service line to cancel their enrollment. The customer's electric account was successfully rescinded and did not receive our supply. However, due to human error, the customer's gas account was not successfully rescinded and began receiving our supply on 11/7/18.

We received an inbound pending drop transaction from DEO on 3/5/19, and the customer's account stopped receiving our supply on 3/12/19. No ETFs were issued for cancellation.

We apologize for any inconvenience the customer may have experienced due to the gas account not being successfully rescinded in October 2018. Due to this error, we are going issue a full rerate for the life of the customer's account with Indra. This results in a total adjustment of \$234.78 for the billing period of 11/7/18 thru 3/12/19, which will be sent to the customer's gas utility to be applied to the account. We've included a chart detailing our rerate calculations. This will provide the customer with the financial effect of having never received Indra's supply.

Begin Date	End Date	Billed Usage (ccf)	Supply Charge (with tax)	ReRate To:	ReRate PreTax	ReRate Tax	ReRate Total	Amt Due Customer

Let us know if we can be of any further assistance. Thank you.

DESCRIPTION OF ISSUE:

On 09/2018, the customer's husband spoke with an Indra salesperson who came to their home and her husband signed up. The customer rate went from (3.??/MCF) to (\$10.??/MCF) the first month, 2nd month their rate increased to (\$17.36/MCF). The customer feels the sales person offered savings and they did not thing their rates could increase so high for their utility service.

The customer has since cancelled Indra and is now in the 1-2 bill cycle transition time. The customer feels the salesperson misled them and would like to dispute excessive rate increase.

PUCO Question(s):

How (telephone, kiosk or door-to-door) and when was this customer signed up? Who agreed to the contract? How much was the term rate? Fixed or variable? If applicable, when was the reminder sent to address regarding the contract end date? Please provide a copy of the contract, call script, recorded call with the customer and marketer and TPV.

Sincerely,

Natural Gas Variable Price (when applicable): You will pay a Variable Price for natural gas supply service that may vary from month to month as determined by Indra in its sole discretion, based on the wholesale cost of natural gas to the Delivery Point, administrative and regulatory compliance costs, supply and agency functions that Indra performs for you, and other prevailing business considerations and market conditions, plus Indra's costs, expenses and margins. This list of factors is not exhaustive and no single factor will determine the rate.

Natural Gas and/or Electric Supply Price Disclosures: There is no limit on how much the Variable Price of your natural gas

and/or electric supply service may change from one billing cycle to the next and your Variable Price may be higher or lower than your utility's standard offer service rate in any given month. Indra does not guarantee savings in any month or for the entire length of this Agreement. Indra's current and historical prices are not an indicator of future prices. You can access future variable pricing information, updated monthly, by visiting Indra's website at <https://IndraEnergy.com/ohio/ohio-variable-rates/> or by calling (888) 504-6372.

Other Charges: You are also responsible for paying and reimbursing Indra for all applicable taxes, and other government fees, assessments, and charges, however designated, relating to the natural gas and/or electric supply service provided under this Agreement. FIXED TERM AUTOMATIC RENEWAL. At least forty-five (45) days before the expiration of your Fixed Term, Indra will provide written notice to you of the Agreement's renewal ("Renewal Notice"). The Renewal Notice will set forth the proposed renewal option(s), including any applicable information required by the Commission. If you do not respond to the Renewal Notice or otherwise terminate this Agreement by notifying Indra in accordance with the Termination section herein, then your Agreement will automatically renew at the rate then in effect in accordance with the terms set forth in the Renewal Notice. **Indra can renew this Agreement without your affirmative consent even when there is a change in the rate or other terms and conditions.**

BILL PAYMENT/LATE PAYMENT CHARGES/BUDGET BILLING. You will be billed by your utility(ies) at intervals established by your utility(ies). You will pay Indra's charges for natural gas and/or electric supply service based on meter readings and consumption information that Indra receives from your utility ("Billing Quantity"). If your utility disconnects your service, this Agreement may be automatically terminated. In addition, if your payment for natural gas and/or electric supply service is not received from you on a timely basis or does not meet any agreed-upon payment plan, Indra may, after 14 calendar days' written notice to you, terminate this Agreement and its natural gas and/or electric supply service to you. You have the right to request from Indra, without charge, up to 24 months of your payment history covering services rendered by Indra, without charge, twice within any 12-month period. Natural Gas and/or Electric Supply Price Disclosures: There is no limit on how much the Variable Price of your natural gas

Rep: Hello, my name is _____ (show ID Badge) and I'm here on behalf of Indra Energy which is an authorized natural gas supplier.

Rep: Are you the person who manages the Utility bills? *(If so, continue. If not ask who that person is and when he/she would be available)*

Rep: You probably already know you have the ability to purchase your electric and/or gas from an alternate supplier. I'd like to talk to you about using Indra Energy as your supplier.

If customer is not familiar with the program:

Rep: Just as you shop for other products and services, you also have the right to shop for an energy supplier. Energy customers from large manufacturers to residential homeowners are able to shop for energy options from a diverse group of competitive authorized suppliers. As more suppliers' offer their services in your area, you have the opportunity to choose the company who supplies the generation of your electricity and supplies your natural gas. Your electricity and/or natural gas Utility will not change. You will still receive the same reliable energy and billing services that you have come to expect from your local Utility. The only thing that will change is your supplier.

Rep: Are you currently using an alternate supplier?

Rebuttal if customer has supplier:

Rep: Well, the good news is that you are already a smart consumer.

Introduce Indra's Rewards Program:

Rep: For enrolling with Indra Energy today, you have the option to enroll with Indra Energy Rewards. With our Rewards Program, you'll receive \$50 in Reward Dollars each and every month. Use your rewards however you'd like. Choose from 330,000 local deals, 85,000 local and national chain restaurants, 20,000 movie theatres, 4,000 products, gift cards, and more. That's \$600 in Reward Dollars per year! If you provide your email address on the D2D enrollment form or electronic enrollment process *(state only the enrollment method applicable to the customer)*, Indra will send you a reminder email to enroll with our rewards program after you receive your first bill with Indra supply charges. As an agent, I am currently enrolled in Indra Energy rewards and it is great!

*****For additional scripting options and examples of discounts with the Rewards Program, review the Agent Resource Guide.***

***** Provide the customer with the Indra Energy Rewards Flyer***

Introduce Indra Energy's Electric Renewable Product Offering:

Rep: If you enroll in Indra's electric supply offering today, you will be enrolling in a 100 percent renewable energy product, where 100 percent of your electricity usage is matched with renewable energy credits! With the purchase of RECs, Indra is reducing your carbon footprint and helping the environment!

In Illinois ONLY: You will be enrolling in a 100 percent renewable energy product, where 100 percent of your electricity usage is matched with wind renewable energy credits. With the purchase of RECs, Indra is reducing your carbon footprint and helping the environment!

Rep: Are you familiar with the terms and conditions of your current contract? I ask because sometimes there is an early termination fee for switching suppliers. *(Do not speculate as to whether or not an ETF applies. If the customer is sure there is no ETF and they wish to switch suppliers, then proceed. Otherwise, allow the customer to research their current agreement and call our office if they would like to schedule a follow-up appointment).*

Prior to enrolling the customer, confirm the customer is the authorized to make changes on the electric and/or natural gas account(s):

DC, DE, MD & VA	NJ	IL, MA, OH, & PA
Rep: Just to confirm, you are the account holder or customer of record on the Utility bill, correct? <i>(If "No" – When would be a good time to return to speak with the person in whose name the account is listed in? (Set appointment)).</i>	Rep: Just to confirm, you are an authorized person to make the switch on this account? An authorized person is: (1) The person whose name appears on the utility bill for the account; (2) The spouse of the person whose name appears on the utility bill for the account; and (3) The authorized adult (at least 18 years old) child of the person whose name appears on the utility bill for the account. <i>(If "No" – When would be a good time to return to speak with the person in whose name the account is listed in? (Set appointment)).</i>	You are the named customer on each of the account(s), or you are the spouse of the named customer on the account(s), or you are over 18 years old and authorized to make decisions concerning such account(s). <i>(If "No" – When would be a good time to return to speak with the person in whose name the account is listed in? (Set appointment)).</i>

Rep: Now, keep in mind we are not here to replace your Utility. The Utility will still deliver your electricity and/or natural gas, read your meter, respond to any emergencies, and send your monthly bill. All we are doing is supplying your electricity and/ or natural gas instead of your Utility. The best part is that it is free to enroll and it's easy to do.

Close: *(restate what is important to the customer and ask for the sale)*

Rep: OK let's get you enrolled (complete the D2D Paper Enrollment Form or start the Electronic Enrollment Process).

In IL ONLY: Write today's date and your agent ID number on the Uniform Disclosure Statement on the first page of the D2D Enrollment Packet (*located at the bottom of the page*).

After the rescission period, the customer is still able to cancel Indra Energy supply service at any time, but must pay for supply charges incurred, for their natural gas and/or electric usage, up until the customer is returned to their utility. REBUTTAL AND COMMON QUESTIONS:

1. **What is renewable energy product?** Renewable energy is derived from natural resources which naturally replenish themselves over time, such as wind or solar energy.
2. **What is a REC?** A renewable energy credit is a tracking mechanism used to demonstrate that renewable energy, such as wind or solar, was generated and distributed to the grid. One REC represents attributes of 1 MWh of electric generation (1000 kWh).
3. **What are the delivery charges?** These are the fees that your utility charges you to operate and maintain the facilities, pipes and poles and wires that are used to deliver your electricity. These charges fluctuate depending on how much electricity you use but are the same no matter who supplies your electricity.
4. **Am I guaranteed to save money?** No.
5. **I've been burned by other suppliers. I'm not interested.** **Rep:** I've heard that. It's unfortunate other suppliers have made a bad name for all of us and taken advantage of good customers like yourself. I ask you give Indra Energy a try, considering it is a family owned company and its Rewards Program. Remember if you decide you do not wish to stay on Indra Energy supply service, you can cancel at any time and keep all the Reward Dollars you have already earned up until your cancellation.
6. **Will my service change in any way?** You will still have [insert utility name, see attached for a list of utilities Indra Energy serves across the states] as your utility. They will continue to deliver your electricity and/or natural gas, respond to emergencies, read your meter, and send you a bill just as they always have. You are simply choosing to purchase your electricity and/or natural gas from an alternative supplier.

Hello Shanequa and the PUCO,

Regarding Case # 00259275, [REDACTED]

Ms. [REDACTED] enrolled her gas and electric accounts in Indra's variable rate plans on 12/3/18, as the result of a door-to-door sale. We have been unable to locate a signed agreement for this enrollment, but have attached the TPV recording, as well as the confirmation packages sent to the customer detailing the terms of service. Indra began servicing the customer's gas and electric accounts on 12/7/18 and 12/20/18, respectively.

Gas Plan: 100%-Green Variable. This included a two-month introductory rate of \$2.80 per Mcf, after which the rate would vary month-to-month. No ETFs.

Electric Plan: 100%-Green Variable. This included a two-month introductory rate of \$0.0510 per kWh, after which rate would vary month-to-month. No ETFs.

These accounts were not enrolled in a fixed rate plan, but rather a variable product, and as a result no renewal letters were required to be provided to the customer.

Ms. [REDACTED] contacted our Customer Service line on 3/19/19. The customer declined an offer to switch her existing variable rate plan to a fixed rate product, and instead requested to cancel her accounts with Indra. The customer's gas and electric accounts are scheduled to stop receiving our supply on 4/12/19 and 4/19/19, respectively.

Since the customer expressed dissatisfaction with her most recent gas bill, in the interest of customer satisfaction and to provide the customer with the effect of an expedited return to her utility's standard service, we are willing to rerate the customer's most recent gas bill to the rate we have on file for her gas utility, and will also adjust the customer's final bill, once it is rendered. This will provide the customer with the effect of having received Indra's introductory gas rate for her first two billing cycles, and then have returned to her gas utility's standard service. We've included a chart below detailing our calculations for the adjustment of the most recent gas bill, which amounts to \$211.30 for the billing cycle of 1/22/19 – 2/20/19. This adjustment will be sent to the customer's gas utility in order to be applied to her account.

Begin Date	End Date	Billed Usage	Supply Charge (with tax)	ReRate To:	ReRate PreTax	ReRate Tax	ReRate Total	Amt Due Customer
2/8/2019	3/11/2019	138	\$255.79	\$0.3020	\$41.68	\$2.81	\$44.49	\$211.30

Let us know if we can be of any further assistance. Thank you.

Natural Gas Variable Price (when applicable): You will pay a Variable Price for natural gas supply service that may vary from month to month as determined by Indra in its sole discretion, based on the wholesale cost of natural gas to the Delivery Point, administrative and regulatory compliance costs, supply and agency functions that Indra performs for you, and other prevailing business considerations and market conditions, plus Indra's costs, expenses and margins. This list of factors is not exhaustive and no single factor will determine the rate.

Natural Gas and/or Electric Supply Price Disclosures: There is no limit on how much the Variable Price of your natural gas

and/or electric supply service may change from one billing cycle to the next and your Variable Price may be higher or lower than your utility's standard offer service rate in any given month. Indra does not guarantee savings in any month or for the entire length of this Agreement. Indra's current and historical prices are not an indicator of future prices. You can access future variable pricing information, updated monthly, by visiting Indra's website at <https://IndraEnergy.com/ohio/ohio-variable-rates/> or by calling (888) 504-6372.

Other Charges: You are also responsible for paying and reimbursing Indra for all applicable taxes, and other government fees, assessments, and charges, however designated, relating to the natural gas and/or electric supply service provided under this Agreement. This may include, but shall not be limited to, utility taxes, gross receipts taxes, and sales or use taxes imposed on Indra and/or you by federal, state, and/or local authorities. If you are tax exempt, you must furnish Indra an exemption certificate before service commences. This Agreement does not include utility transportation, delivery, or other charges that your gas or electric utility charges you for those services.

FIXED TERM AUTOMATIC RENEWAL. At least forty-five (45) days before the expiration of your Fixed Term, Indra will provide written notice to you of the Agreement's renewal ("Renewal Notice"). The Renewal Notice will set forth the proposed renewal option(s), including any applicable information required by the Commission. If you do not respond to the Renewal Notice or otherwise terminate this Agreement by notifying Indra in accordance with the Termination section herein, then your Agreement will automatically renew at the rate then in effect in accordance with the terms set forth in the Renewal Notice. **Indra can renew this Agreement without your affirmative consent even when there is a change in the rate or other terms and conditions.**

RESOURCE MIX, ENVIRONMENTAL CHARACTERISTICS, & RENEWABLE ENERGY INFORMATION. The applicable generation resource mix and environmental characteristics of the electric supply sold by Indra are available at www.IndraEnergy.com. This information is updated periodically following the requirements of the Public Utilities Commission of Ohio. If you select an electric renewable energy product, one hundred percent (100%) of your electricity usage will be matched with renewable energy credits (RECs), generated from renewable or alternative energy sources in the United States which have been qualified as such. If you select a natural gas renewable energy product, one hundred percent (100%) of your natural gas usage will be matched with carbon offsets.

BILL PAYMENT/LATE PAYMENT CHARGES/BUDGET BILLING. You will be billed by your utility(ies) at intervals established by your utility(ies). You will pay Indra's charges for natural gas and/or electric supply service based on meter readings and consumption information that Indra receives from your utility ("Billing Quantity"). You will receive a single monthly bill from your utility that contains both Indra's charges and your utility's charges. Your payment for natural gas and/or electric supply service is due on the date set forth on the bill. You shall pay a late payment charge on all unpaid amounts (including arrears

and late payment charges) owing and not received by Indra by the due date of the bill, at a rate of 1.5% per month or the maximum amount permitted by law, whichever is lower. You shall also be responsible for paying Indra's reasonable attorneys' fees, costs, and expenses incurred by it in collecting any such payment from you. If you fail to pay your bill for natural gas and/or electric supply service or you fail to satisfy any agreed upon payment arrangement you may have, your utility may disconnect your service in accordance with the provisions of its tariff. If your utility disconnects your service, this Agreement may be automatically terminated. In addition, if your payment for natural gas and/or electric supply service is not received from you on a timely basis or does not meet any agreed-upon payment plan, Indra may, after 14 calendar days' written notice to you, terminate this Agreement and its natural gas and/or electric supply service to you. You have the right to request from Indra, without charge, up to 24 months of your payment history covering services rendered by Indra, without charge, twice within any 12-month period. Budget Billing is available for both the delivery and natural gas and/or electric supply service portions of your bill. If you are interested in Budget Billing, you should contact your utility and request to be placed on a Budget Billing plan. If your electric utility is Duke Energy Ohio, to request Budget Billing for the electric supply service portion of your electric bill, you should contact Indra and request to be placed on a Budget Billing plan.

You authorize Indra to begin your enrollment, initiate service to the accounts listed in your Confirmation Letter (or in any addendum) and to obtain historical billing data and other information about you ("Customer Information") from your natural gas and/or electric utility (ies), so that Indra can start and continue its service to you. Indra reserves the right to refuse to provide service to you under this Agreement if it is unable to obtain the necessary Customer Information or it obtains Customer Information that it considers to be unsatisfactory. For your **natural gas supply**, Indra will not release your social security number, account number(s), or any other Customer Information without your express written or electronic consent, except in accordance with rules 4901:1-28-04 and 4901:1-29-09 of the Ohio Administrative Code, or if it sells or assigns this Agreement to another third-party supplier. Rep: Now, keep in mind we are not here to replace your Utility. The Utility will still deliver your electricity and/or natural gas, read your meter, respond to any emergencies, and send your monthly bill. All we are doing is supplying your electricity and/ or natural gas instead of your Utility. The best part is that it is free to enroll and it's easy to do.

REBUTTAL AND COMMON QUESTIONS:

1. **What is renewable energy product?** Renewable energy is derived from natural resources which naturally replenish themselves over time, such as wind or solar energy.
2. **What is a REC?** A renewable energy credit is a tracking mechanism used to demonstrate that renewable energy, such as wind or solar, was generated and distributed to the grid. One REC represents attributes of 1 MWh of electric generation (1000 kWh).
3. **What are the delivery charges?** These are the fees that your utility charges you to operate and maintain the facilities, pipes and poles and wires that are used to deliver your electricity. These charges fluctuate depending on how much electricity you use but are the same no matter who supplies your electricity.
4. **Am I guaranteed to save money?** No.
5. **I've been burned by other suppliers. I'm not interested.** **Rep:** I've heard that. It's unfortunate other suppliers have made a bad name for all of us and taken advantage of good customers like yourself. I ask you give Indra Energy a try, considering it is a family owned company and its Rewards Program. Remember if you decide you do not wish to stay on Indra Energy supply service, you can cancel at any time and keep all the Reward Dollars you have already earned up until your cancellation.
6. **Will my service change in any way?** You will still have [insert utility name, see attached for a list of utilities Indra Energy serves across the states] as your utility. They will continue to deliver your electricity and/or natural gas, respond to emergencies, read your meter, and send you a bill just as they always have. You are simply choosing to purchase your electricity and/or natural gas from an alternative supplier.

Hello Shanequa and the PUCO,

Regarding Case # 00259275, [REDACTED]

Ms. [REDACTED] enrolled her gas and electric accounts in Indra's variable rate plans on 12/3/18, as the result of a door-to-door sale. We have been unable to locate a signed agreement for this enrollment, but have attached the TPV recording, as well as the confirmation packages sent to the customer detailing the terms of service. Indra began servicing the customer's gas and electric accounts on 12/7/18 and 12/20/18, respectively.

Gas Plan: 100%-Green Variable. This included a two-month introductory rate of \$2.80 per Mcf, after which the rate would vary month-to-month. No ETFs.

Electric Plan: 100%-Green Variable. This included a two-month introductory rate of \$0.0510 per kWh, after which rate would vary month-to-month. No ETFs.

These accounts were not enrolled in a fixed rate plan, but rather a variable product, and as a result no renewal letters were required to be provided to the customer.

Ms. [REDACTED] contacted our Customer Service line on 3/19/19. The customer declined an offer to switch her existing variable rate plan to a fixed rate product, and instead requested to cancel her accounts with Indra. The customer's gas and electric accounts are scheduled to stop receiving our supply on 4/12/19 and 4/19/19, respectively.

Since the customer expressed dissatisfaction with her most recent gas bill, in the interest of customer satisfaction and to provide the customer with the effect of an expedited return to her utility's standard service, we are willing to rerate the customer's most recent gas bill to the rate we have on file for her gas utility, and will also adjust the customer's final bill, once it is rendered. This will provide the customer with the effect of having received Indra's introductory gas rate for her first two billing cycles, and then have returned to her gas utility's standard service. We've included a chart below detailing our calculations for the adjustment of the most recent gas bill, which amounts to \$211.30 for the billing cycle of 1/22/19 - 2/20/19. This adjustment will be sent to the customer's gas utility in order to be applied to her account.

Let us know if we can be of any further assistance. Thank you.
