*Re: In re Application of Direct Energy for Approval of Supplier Consolidated Bill
Format, Case No. 19-1786-EL-UNC*

Dear Ms. McNeal:

On September 18, 2019, as amended on September 30, Direct Energy Services, LLC and Direct Energy Business, LLC (collectively, Direct) filed an application for approval of a supplier consolidated bill format in accordance with Ohio Adm. Code 4901:1-21-18(F) and the Supplier Consolidated Billing pilot program currently ongoing in AEP Ohio's service territory.

After further review, Direct has revised the bill formats as attached to include the meter read end date for the Direct portion of the charges. This change will allow customers to see more clearly what, if any, portion of their bills are being cancelled and rebilled. Please file the attached bill formats in the above-captioned proceeding and do not hesitate to contact me with any questions.

Respectfully submitted,

/s/ Rebekah J. Glover
*Counsel for Direct Energy Services, LLC and
Direct Energy Business, LLC*

We offer several ways for you to pay your bill. In addition to paying in person or by mail, you may receive and pay your bill electronically (e-Bill) or have your payments deducted automatically from your checking or savings account.

Definitions:

Actual: Reflects that a reading was taken from your meter.

Estimate: Reflects that AEP Ohio were unable to read your meter this month. We calculated your bill based on prior usage and seasonal variations. You can choose to call AEP Ohio with an actual meter read at 1-833-722-6446.

Kilowatt-hour (kWh): The unit measure for the electricity you use. For example, you use one kWh of electricity to light a 100-watt light bulb for 10 hours.

Customer Charge: The fixed monthly basic distribution charge to partially cover costs for billing, meter reading, service line maintenance and equipment.

Late Payment Charge: (If applicable) A late charge is added to the overdue amount of the regulated portion of your bill if you do not pay your bill by the due date.

Generation Service or Supply: Charges associated with the production of electricity.

Purchased Power Agreement Rider (PPA): The PPA allows AEP Ohio to collect or pass back the difference between total costs and revenues associated with a specific purchase power agreement.

Transmission Service: Charge for moving high-voltage electricity from a generation facility to the distribution station of the local electric utility. Transmission charges show under the delivery portion of the bill.

Distribution Service: Charge for use of local wires, transformers, substations and other equipment used to deliver electricity to your home/business. Distribution charges show under the delivery portion of the bill.

Phase-In Recovery Rider (PIRR): The PIRR will allow AEP Ohio to recover the cost of fuel deferred from 2009-2011 as previously authorized by the PUCO.

Deferred Asset Phase-In Rider (DAPIR): Recovers previously incurred deferrals for distribution assets.

Delivery: The graph on the first page shows charges associated with moving electricity through transmission lines and distribution lines as well as costs to maintain those lines and other distribution costs.

This bill reflects your new AEP Budget Billing amount.

You have a credit with AEP Ohio of \$10.00.

Your initial AEP Budget Bill Amount has been prorated due to the number of days in the bill period. Your next billing will be for your regular monthly AEP Budget Amount.

Your AEP Ohio Budget Anniversary month is December.

Please review the "Accumulated Budget Balance" shown on your bill. Your current AEP budgeted amount may not be sufficient to avoid a large settlement during your budget anniversary month. To avoid this situation, visit us on the web at www.aepohio.com or call AEP Ohio to learn about our Average Monthly Payment plan and other budgeting options.

After a six-month review, next month your AEP budget amount will be \$48.00.

Bills may be paid by mail or to an authorized agent. Payment to others is at your own risk. For names and locations of authorized agents, please call Direct Energy toll free at 1-888-566-9988.

We offer several ways for you to pay your bill. In addition to paying in person or by mail, you may receive and pay your bill electronically (e-Bill) or have your payments deducted automatically from your checking or savings account.

Definitions:

Actual: Reflects that a reading was taken from your meter.

Estimate: Reflects that AEP Ohio were unable to read your meter this month. We calculated your bill based on prior usage and seasonal variations. You can choose to call AEP Ohio with an actual meter read at 1-833-722-6446.

Kilowatt-hour (kWh): The unit measure for the electricity you use. For example, you use one kWh of electricity to light a 100-watt light bulb for 10 hours.

Customer Charge: The fixed monthly basic distribution charge to partially cover costs for billing, meter reading, service line maintenance and equipment.

Late Payment Charge: (If applicable) A late charge is added to the overdue amount of the regulated portion of your bill if you do not pay your bill by the due date.

Generation Service or Supply: Charges associated with the production of electricity.

Purchased Power Agreement Rider (PPA): The PPA allows AEP Ohio to collect or pass back the difference between total costs and revenues associated with a specific purchase power agreement.

Transmission Service: Charge for moving high-voltage electricity from a generation facility to the distribution station of the local electric utility. Transmission charges show under the delivery portion of the bill.

Distribution Service: Charge for use of local wires, transformers, substations and other equipment used to deliver electricity to your home/business. Distribution charges show under the delivery portion of the bill.

Phase-In Recovery Rider (PIRR): The PIRR will allow AEP Ohio to recover the cost of fuel deferred from 2009-2011 as previously authorized by the PUCO.

Deferred Asset Phase-In Rider (DAPIR): Recovers previously incurred deferrals for distribution assets.

Delivery: The graph on the first page shows charges associated with moving electricity through transmission lines and distribution lines as well as costs to maintain those lines and other distribution costs.

The Public Utilities Commission of Ohio in case number 14-1578-EL-RDR on June 3, 2015, approved an adjustment to Ohio Power Company's Enhanced Service Reliability Rider rate effective with the previous month's bill. A residential customer using 1,000 kWh of electricity will see an increase of \$0.21 per month. In Case No. 12-2627-EL-RDR, the PUCO approved an adjustment to increase the Distribution Investment Rider for AEP Ohio, effective with this bill. This rider, which is adjusted quarterly, recovers capital costs associated with distribution infrastructure. A residential customer using 1,000 kWh per month will see an increase of \$0.34 per month.
