Subject: RE: ELD questions

Hi Chris,

I am getting you some information, acknowledging that there might be gaps, because I am about to go on a several week vacation. I do not want to leave you hanging too long.

According to our computer system:

1. 06R0594133 ~ Build Date 05/01/2000
 2. 06R0123342 ~ Build Date 04/21/1993
 3. 06R0258462 ~ Build Date 08/29/1995
 4. 06R0049506 ~ Build Date 06/13/1991
 5. 06R0655409 ~ Build Date 07/18/2001
 6. 06R0155335 ~ Build Date 12/03/1993
 7. 06R0485989 ~ Build Date 02/17/1999
 8. 06R0529353 ~ Build Date 08/06/1999
-
1. 06RE143290 ~ Build Date 03/10/2015
 2. 06RE146115 ~ Not found in our system (reason unknown)
 3. 06RE150495 ~ Build Date 09/07/2016

I do not know how to find the original SN or build date of the 06RExxx reman engines in our system. But I will look into it.

I understand that all of these engines are ELD capable. The pre-98 engines likely have a different communication protocol than J1939, probably J1708. But they do have some communications over the CAN bus.

Regards,
Dave

Subject: RE: ELD questions

Hi Dave,

Here are the engine serial numbers that I'm currently looking researching.

1. 06R0594133
2. 06R0123342
3. 06R0258462
4. 06R0049506
5. 06R0655409
6. 06R0155335
7. 06R0485989
8. 06R0529353

Here are those that I think are remanufactured.

1. 06RE143290
2. 06RE146115
3. 06RE150495

A few questions on these:

1. What are the dates of remanufacture, as it would show on the engine plate?
2. Do you know what the serial numbers and/or build dates originally were for these engines?
3. Are all of these engines ELD capable?

And finally, I have a more general question for you. Knowing that these engine serial numbers are issued sequentially, can you tell me the number of the last engine manufactured in 1999 (06R05XXXX)? That will give me a cutoff to go by on a non-remanufactured engine.

Thanks,

-chris

Subject: ELD questions

Hi Mr. May,

To follow up on our phone call a few minutes ago, here is the guidance on ELDs for vehicles with remanufactured engines. In case the attachment does not work, here is the link: <https://www.fmcsa.dot.gov/fag/if-vehicle-registration-commercial-motor-vehicle-reflects-model-year-2000-or-newer-b-0>. If you send me the engine serial numbers for the engines in the vehicles in question, then I will look into their information.

Again, feel free to email or call me with any questions.

Regards,

Dave
