Public Utilities Commission of Ohio
180 E Broad St.
Columbus, OH 43215

Dear Ohio, Public Utilities Commission:

To Whom it may Concern:

On September 17, 2019 KOBIONA filed their late annual report for both their electrical and natural gas broker license in the State of Ohio.

Electrical Service Provider Number – 18-1348E (1)

Natural Gas Aggregator / Broker Number – 18-682G (1)

This letter is contesting the late filing fee in the amount of 1000.00 dollars per license. We did not receive any notifications in the mail regarding the filing as well as the late filing fees. Our account specialist routinely checks each state and come to find out in September we were late on the filing, which was due back in July 2019.

We are a small brokerage firm based in Connecticut, if we would have received the notices we would have filed on time and avoided these large charges.

We would be happy to provide you any further information at your request.

Sincerely,

Justin Vissat
Managing Partner
