Subject: public comment - 16-0253-GA-BTX

Description: Black-Crowned Night Herons in project area: Mill Creek Alliance is a 501(c)(3) environmental conservation non-profit that works to protect and restore the Mill Creek Watershed. This comment is to let you know that MCA personnel have observed and photographed nesting Black-Crowned Night Herons in close proximity to the project area within the last two years. Specifically, the birds nested in large trees on the east side of the stream just downstream from Salway Park on Spring Grove Avenue. MCA recommends that a very careful search for nesting birds be carried out in the Spring/Summer 2020 before undertaking construction of this project.
