dear sir (s), or madam(s):

thank you very much for your prompt considerations in these matters. i know we all want to see justice prevail in these issues post haste. i respectfully request a hearing date much later than the 03mar20 date that you have given me. i make this request due to problems i've had with my former employer (bh logistics), and former legal service (truckers voice in court). i am no longer associated with either due to this issue. therefore, i humbly make this request. i'm pretty sure my new legal service (cdl legal) can get the subpoena for the eld program data from bhl that will show whom exactly logged in and altered the logs after my certification was done, because it definately wasnt me.

sincerely,

mark thurman
