Re: PUCO Case No. 17-1665-RR-FED -In the Matter of a Request for the Installation of Active Warning Devices at the Northern Ohio & Western Railway, CR 11 DOT#509-212P, in Seneca County, Ohio.

On July 7, 2017, the Ohio Rail Development Commission (ORDC) authorized construction for Northern Ohio & Western Railway to install active warning devices at the following location:

Street	DOT#	County	Project
CR 11	509-212P	Seneca	Lights and Gates/Surface

On October 20, 2017, the Commission issued a Finding and Order approving the project and ordering completion by July 18, 2018.

The crossing project has been completed and is in-service as follows:

Street	DOT#	County	Date of Completion
CR 11	509-212P	Seneca	12/17/2017

Accordingly, the above case may be closed.

Jill,

My construction inspection notes from a phone conversation with the project Foreman on 12-18-2017 indicate that SAN CR 85 Tille Rd was placed in-service on 12-16-2017 and the same notes indicate that SEN CR 11 was placed into service on 12-17-2017. I could not find RR issued In-Service Notifications for either crossing. Don

Don,

Do you have in-service dates? I need this for the closure document and the database.

Jill
